## Challenges aplenty with weather, short-term markets

**Jerry Nine Woodward**  
Livestock Auction  
Woodward, OK

I was just reminded this morning that a person better fertility check every bull this year that he is running on his cows because of how low the temperature dropped for a week or so.

If they test bad I was told you might be able to retest later but I suggest you ask a vet-

erinarian to be safe.

In 2015, the beef cut out was the same price it was this past week. The only difference in 2015 was we had \$160 per hundredweight fat cattle and this week we had \$114. That is \$46 per hundredweight less on a 1,400-pound steer. That is \$644 less per head. At what point do cattle feeders say this is enough? Is it after the banker sells you out?

We thought we were dealing with ruthless packers several years ago but if you can't see this problem and realize we have to do something in order to survive then I would have to question your mentality. They have no mercy.

At least the weather

is pretty this week. A lot of ranchers are talking about the huge calf losses during that miserable week.

The preacher on Sunday said, "What will God have to do to get our attention and repent? Is it another 911 or is it another pandemic? Or what?"

I'm not much of a worrier but I would have to admit I am getting more down tired mentally. In my world if we didn't have the packer stealing our cattle a lot of my world would be better.

A friend of mine said he was getting ready to go exercise. I said, "What will you be doing—diddy squats?"

It takes a lot of courage for a man to

admit that his wife is wrong.

Both of my sisters came to the sale. They were walking toward each other and Tammy was carrying a sack. When they get closer Sandra said, "Hey, Tammy, what ya got in the sack?" Tammy said, "I got some chickens." Sandra said, "If I guess how many chickens are in the sack can I have one of them?"

Tammy said, "If you guess right, I'll give you both of them." Sandra said, "OK, I will guess 5."

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

### Woodward Livestock Auction Report

THURSDAY, MARCH 4, 2021

Receipts: 7,765 Last Reported: 4,330 Last Year: 6,068

Compared to last week: Feeder steers and heifers 2.00 to 4.00 lower. Steer calves 3.00 to 6.00 higher. Heifer calves 2.00 to 4.00 higher. Demand was moderate for feeders and good for the lighter weight grazing cattle. Quality was average. Supply included: 100% Feeder Cattle (55% Steers, 44% Heifers, 1% Bulls). Feeder cattle supply over 600 lbs was 81%

## PROTEIN TUBS

Hi Pro Protein tubs are a free choice supplement designed for beef cattle on forage diets providing less than 8% protein. The low moisture, cooked molasses products are in a non-returnable plastic container that will enhance intake and utilization of available forages, while reducing labor for producers.

Products: Hi-Pro 25% Tub w/ 5% Fat | Hi-Pro 38% Hi-Energy Tub w/ 12% Fat  
Both available in plastic or bio tub.

## Drs. Mori & Teri White, DDS

### Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

*Drs. Mori & Teri White

### Understanding What We Read

THE ANTI-CHRIST (BY H.L. DAVIS 7/2004)

Are you aware that since the apostles days, another Jesus was brought into religion, and declared to be the true savior? This Jesus is proclaimed world wide, in every nook and corner of so-called Christianity. Who is he? Would you care enough to prove the matter right or wrong? Be sure to note, salvation hangs in the balance. John the apostle gives the name of this divisive movement begging in his day. Quote—"AS YE HAVE HEARD THAT ANTI-CHRIST SHALL COME, EVEN NOW ARE THERE MANY ANTI-CHRIST...THEY WENT OUT (began) FROM US (the apostles church)...BUT THEY WENT OUT THAT THEY MIGHT BE MADE MANIFEST (made clear) THAT THEY WERE NOT ALL OF US" (1 John 2:18-19). Then John labels them as denying the Father and Son relationship (1 John 2:22). Oh, shout the Anti-Christ, loud and clear, Jesus is the son of God, but wait and they nullify the truth of Father and Son, and declare boldly that Jesus Christ is God, that he is one of the eternal Trinity, co equal and co eternal with the Farther. Have you not heard of THE BLESSED TRINITY? God the Father, God the Son and God the Holy Spirit? Here clearly is the opposing Jesus, another Jesus proclaimed by them of another gospel, stated by the apostle Paul. Even early, many were being led astray by what Paul called another Gospel or teaching (Gal 1:7-9). Upon which falls the curse of God. This fake, deceptive worthless Jesus is now palmed off on multitudes world wide. But, MY JESUS IS NOT THIS FABRICATED JESUS. My Jesus was born, brought into personal existence by a virgin called Mary, him I love with all my heart and will defend him before all the anti-Christ in the world. The enemy called Jesus, God Incarnate. Thus they deny his birth, Mary merely gave birth to a body for him to in-dwell.

Steve Ryan - 2nd Advent Christian Church

## Our Genetics Work – We Have Proof!

By using the same genetics in both our commercial and registered herds, we can gather data and track our cattle through the feedlot. If our genetics aren't profitable on the range, in drought conditions, in the feedlot or on the rail, we are the first to know.

We value the importance of low inputs with high efficiency, added pounds through genetic merit, and honest females that make it happen year after year.

Achieving the satisfaction of our customer is as important as achieving the satisfaction and welfare of our final consumer, the patient. Therefore, we try to establish strong relationships with our customers based on a tailored service and on maintaining collaboration and cooperation, able to fulfill all the needs that may arise. In short, no matter the type of customer – small dispensaries, corporate owned dispensaries, certified growers, we know that, by paying attention to small details, we can achieve the goal which unites us to our customers: achieving excellence together furthering the advancement of medical marijuana to hit our goal of satisfaction by the patient.
