WHITTE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801.

Often a lot of times we run across things in life that do not seem fair. And most of the times it's just a fact of life not everything is fair. There is the nicest girl who

is a waitress at our local cafe. I had heard that she was moving back to Mexico. I was surprised about that cause I knew she had been here a lot of years and seemed like she liked living here. I asked her about this and she said yes, I have to. My family tried to do everything right and my parents were here on a work visa. But now that I am 18 I can no longer

stay. I have to move back to Mexico and one main reason I don't want to is my mother is sick and needs my help here. She is extremely smart and was valedictorian of her senior class. I think this is wrong particularly compared to the face we are letting all those unaccompanied kids come across the border. I have said before I wish for all those that

come here illegal to be fined \$10,000 and if they continue to work and not get in trouble then let them stay and at the end of 10 years let them become citizens. In fact as far as I'm concerned let's ship some of our people across the border. The ones that are to lazy to work and want to live off the government. After a lot of years in the cattle business you finally think

you have experienced everything But yesterday I sorted off a few pairs that I wanted to sell. And I noticed a heifers that didn't have hardly any utter so I thought she must have lost her calf so I put her in the pen to sell. The next morning before I loaded them she was bawling so I thought even though she isn't giving any milk she has to have a calf still out in the pasture. So I turned her back

out and she ran out in the pasture but instead of finding her calf she found another mother and started nursing her. I couldn't believe it. It wasn't her mother cause I bought her a

few months ago. Anyway it keeps it interesting. An interesting fact when they asked Henry Ford why the car? He said if I would have said instead why didn't yelp us get faster horses?

Understanding What We Read

Greetings once again in the wonderful name of Jesus whom God has raised from the dead. Was there a part of Jesus that did not die? Was there a part of him that was immortal? If so, what part was it that was immortal? Was there a part of him that was part God? If so, then would it not stand to reason that the same part of man would be without a redeemer since all of Jesus could not die? Paul, that great apostle writing to the church in 1st Corinthians 15:1-6, "Now I would remind you, brothers, of the gospel I preached to you, which you received, in which you stand, 2 and by which you are being saved, if you hold fast to the word I preached to you—unless you believed in vain.3 For I delivered to you as of first importance what I also received: that Christ died for our sins in accordance with the Scriptures, 4 that he was buried, that he was raised on the third day in accordance with the Scriptures, 5 and that he appeared to Cephas, then to the twelve. 6 Then he appeared to more than five hundred brothers at one time, most of whom are still alive, though some have fallen asleep. (ESV)" I am more than happy to report to you as did the apostle Paul, that Jesus died according to the scriptures. How much of him died? (Continued)

FOR SALE

1,760± ACRES

Some of my neighbors have said I'm going broke. So, I better sell before the bank forecloses on me.

This farm is on the Washita River and Sandstone Creek.

The farming land is very poor. Grass will not keep a goat alive. Fences will not hold a milk cow. The four irrigation wells will not produce enough water to drown a rat, plus they are broke down three-quarters of the time. This farm is a First-Generation Farm - one of the few in this location.

Selling as one unit - \$3,200/Acre

If interested, contact Tom Goodwin,

(DWC) DEEP WATER CULTURE STYLE GROW
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

FEATURED STRAIN OF THE MONTH!

STORM CHASER

Storm Chaser is an indica leaning hybrid cross of Skywalker - Kosher Chem - Zookies that offers a sweet grape like aroma, with heavy earth undertones. I got this strain from my friends at Red Rock Remedies out of Guthrie. The buds were fluffy, light green with hints of purple and light orange pistils, very sticky but broke down decently well and smoked slowly thanks to it! The taste matched the smell pretty accurately, but also offered a clean, almost purified note. I did notice this flower gave me the munchies pretty bad, but then I slept like a baby so I highly recommend for that (lol), migraines or headaches, anxiety and depression. - reviewed by Jonell, Best Buds

High Speed Pursuit Through Elk City Streets Leads to Felony Charges

April 12, 2021 - A Sayre man received multiple felony charges in Beckham County recently after leading authorities on a high speed pursuit through Elk City streets.

According to the probable cause affidavit, 39-year-old Jessie Earl Woodall was a suspect in a domestic assault and battery case in Washita County and was spotted going westbound on Interstate 40 between Canute and Elk City on the morning of March 29. Eventually the vehicle he was traveling in was spotted by Elk City Police at an Elk City apartment building. When a Beckham County Sheriff's Deputy arrived, the car with two subjects inside – Woodall and 41-year-old Allen Dean Shelton – was observed leaving the area. When the deputy attempted to make a traffic stop on 7th Street, the car would accelerate and lead the deputy on a high speed pursuit. It was reported that when traveling east through the 7th Street and Randall intersection, speeds of 70 mph were reached, and at one point while attempted to turn south onto Washington Street, the vehicle lost control and nearly ran into a home.

The pursuit would continue south on Washington, through the 20th Street intersection, and eventually onto the shoulder of westbound I-40. The report said that the car would run through a barbed wire fence, enter the soccer fields, and tear through another fence before coming to a stop. There the suspect would exit the vehicle and flee on foot. The deputy said that Woodall was observed holding what he believed to be an AR-15 rifle. The deputy would draw his pistol and gave verbal commands to Woodall to drop the weapon, however Woodall refused and would later enter a storage container.

After more authorities arrived, and after more verbal commands, Woodall would eventually toss out the rifle and also a pistol. Woodall was arrested without incident.

The affidavit stated that after inspecting the weapons, both guns were loaded and had a round in the chamber with the AR-15's selector switch in the fire position. That AR-15 was confirmed to be stolen out of Custer County.

The passenger of the vehicle, Shelton, was located and arrested as well.

A search of the suspect's vehicle would find another loaded hand gun that was confirmed stolen out of Sayre, and 30.5 grams of methamphetamine.

Woodall was charged with three counts of possession of a firearm after a former felony conviction, trafficking in illegal drugs, endangering others while eluding or attempting to elude a police officer, and knowingly concealing stolen property.

Woodall's bond was set at \$500,000. His first court appearance is scheduled for May 3.

Texas Couple Charged with Child Neglect in Beckham County

April 8, 2021 - A Texas couple staying at an Elk City hotel was arrested and charged last month after being accused of smoking illegal drugs in the presence of minors.

According to a probable cause affidavit a detective with the Elk City Police Department was asked to investigate a couple at the Great Plains Regional Medical Center who had brought their children to the hospital for treatment. The detective stated in the document that during an interview with the couple, 28-year-old Ashley Michelle Goins and 29-year-old Kevin Montreal Fuller of Euless, Texas, it appeared that they were hallucinating medical issues with their children such as parasites, fluid around their brain, eyes and noses. Medical issues that were not present.

However it was discovered that one child, a 10-month-old female, had a core temperature of 93.1 degrees.

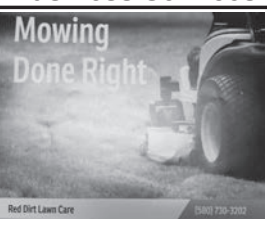

After obtaining and executing a search warrant on the hotel room the family was staying at, the detective would report the findings of methamphetamine, methamphetamine pipes, and marijuana. The detective would also find methamphetamine pipes located in a baby bag.

During a second interview with Goins, she allegedly would admit to the detective of smoking methamphetamine in the bathroom of the hotel room while the children were sleeping.

Both Goins and Fuller were charged with one felony count of child neglect – a felony.

The cause of the baby's low body temperature is still under investigation. Bond for both Goins and Fuller was set at \$25,000 each.
