**(DWC) DEEP WATER CULTURE STYLE GROW**  
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

**FEATURED STRAIN  
OF THE MONTH!**

**STORM CHASER**

Storm Chaser is an indica leaning hybrid cross of Skywalker - Kasher Chem - Zookies that offers a sweet grape like aroma, with heavy earth undertones. I got this strain from my friends at Red Rock Remedies out of Guthrie. The buds were fluffy, light green with hints of purple and light orange pistils, very sticky but broke down decently well and smoked slowly thanks to it! The taste matched the smell pretty accurately, but also offered a clean, almost purified note. I did notice this flower gave me the munchies pretty bad, but then I slept like a baby so I highly recommend for that (lol), migraines or headaches, anxiety and depression. - reviewed by Jonell, Best Buds

## Elk City Man Accused of Rape – Kidnapping

April 26, 2021 - An Elk City man was arrested recently and charged with, among other things, first degree rape after a woman accused the man of the crime last week.

According to a probable cause affidavit, an Elk City Police detective was contacted on April 16 in reference to the possible rape that occurred at an Elk City apartment complex in the 400 block of N. State Street.

During the course of an investigation, the detective spoke with the victim where she would say that 27-year-old Schyler Jordan Nidey had choked and raped her inside the apartment. The victim told the detective that she held at the apartment by Nidey against her will.

The detective noted that the victim appeared to have red marks around her neck and possible bruising on her right eye. The detective also wrote in the court document that a nurse who had examined the victim at Great Plains Regional Medical Center had informed the detective there were injuries consistent with sexual assault.

The next day, Nidey was located, detained, and taken to the Elk City Police Department. While there, police would find a small bag with white crystals in it, in Nidey’s possession. The crystals later tested positive to be methamphetamine.

During an interview with Nidey, he would acknowledge knowing the victim, however denied the allegations against him.

Nidey was arrested and, along with the first degree rape charge received one charge of kidnapping and bringing contraband drugs into a penal institution.

Bond for Nidey was set at \$500,000. His first court date is scheduled for May 3.

## New Leaders Chosen At Clinton Schools

April 21, 2021 - Administration changes were made Wednesday at a special meeting of the Clinton School Board of Education.

Chad Pugh, who was serving as interim principal at Clinton High School had the interim tag taken off during the meeting and will assume the position officially. Pugh’s original title was assistant principal and was the high school boys varsity basketball coach before resigning from that position last week.

Also being promoted within the school system was Nathan Meget, who is currently the principal at Southwest Elementary. Meget was approved to become the principal at Clinton Middle School. He will be replacing outgoing principal Kyle Hilterbran who accepted the superintendent position at Watonga.

## Local College Students Honored

April 23, 2021 - Three Beckham County college students were recently honored at the Southwestern Oklahoma State University’s Everett Dobson School of Business & Technology annual honors reception on the Weatherford campus.

Among the students winning awards were Casady Church of Elk City, Ricky Ramirez of Sayre, and Jacie Piercy also of Sayre.

All three were honored and received the Dr. W.W. Ward & Elsie Ward Memorial Scholarship each.

## Understanding What We Read

### FABLES

The most mis-informed folks in the world today are those people who do not read for themselves, but only know what they hear from speakers. This can be dangerous to our status before God. The Bible warns over and over of the doctrines of men. What is a fable? The great man of truth the apostle Paul warns us: “The time will come when they will not endure sound doctrine... and they shall turn away their ears from the truth, and shall be turned into fables” (2nd Tim 4:3-4). The basic meaning of the word fable is; fiction, a tale, an invented story. This spirit or teaching is being carried out by someone. Who is it? It is the false prophets, the deceivers and the workers on the broad road that Jesus warns us about. A commandment from Jesus: “Enter ye at the straight gate; for wide is the gate (room for many) and broad is the way, which leadeth to destruction and many there that go therein. Narrow is the way, which leadeth unto life, and few there be that find it. Beware (take heed danger lies near) of false prophets (fable carriers) which appear in sheep’s clothing (Christian like) but inwardly (mind set) they are ravening wolves” (Math 7:13-15). Those on the broad road are there because it is easy; they spend no time in the study of the scriptures. They take no heed to Jesus warnings. They fail to recognize the true workers of God and Jesus. So unknowing, in willful ignorance they join their fellow travelers down a road to rejection and destruction. Will being sincere cut it? Mother Eve was sincere but look what happened. “Fear God, and keep his commandments for this is the whole duty of man” (Ecc 12:13). Read your Bible.

## Cold weather is an attention getter

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I walked out of the house this morning and, wow, was it cold. I know I am a wimp and particularly when it comes to cold weather but some of you have that extra

coat that you can't take off.

The futures showed some strength Tuesday. I know of several buyers who say they wanted to avoid June fat cattle, which a lot of 500-pound to some 600 pound cattle would have hit and be fat then. But not long ago, for a short period, June futures were higher than April. Now they are \$1.30 lower

but still closer than normal. In February, some were buying those 800-pound heifers and hitting that unwanted June fat cattle market and buying very aggressively.

But there is no reason for me to try to figure out why the buyers think what they do when I can't figure out what I am doing.

Grains are very strong in price—making

a lot of cattlemen think that they are farmers. I myself can grow bindweed better than wheat or triticale but it probably is a lot higher in protein.

Marijuana seems to be a booming crop in a lot of places. And if you don't have an ailment you or your doctor can probably think of one. It has made a lot of small acreages and buildings

more valuable. I have never tried it but there are days of owning a sale barn you might want to keep that medical card handy.

Did you know that you use 14 muscles when you open a bottle of wine? Now I know why I feel so healthy.

I just re-read that comment about needing a medical card if you own a sale barn and the lady that runs the Rockin' 9

Restaurant at the sale barn said, "Well, what about us café people, we may need it too."

You can't blame anyone else if you fall in your own driveway.

That's your own asphalt.

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

## Understanding What We Read

## FABLES

The most mis-informed folks in the world today are those people who do not read for themselves, but only know what they hear from speakers. This can be dangerous to our status before God. The Bible warns over and over of the doctrines of men. What is a fable? The great man of truth the apostle Paul warns us: "The time will come when they will not endure sound doctrine... and they shall turn away their ears from the truth, and shall be turned into fables" (2nd Tim 4:3-4). The basic meaning of the word fable is; fiction, a tale, an invented story. This spirit or teaching is being carried out by someone. Who is it? It is the false prophets, the deceivers and the workers on the broad road that Jesus warns us about. A commandment from Jesus: "Enter ye at the straight gate; for wide is the gate (room for many) and broad is the way, which leadeth to destruction and many there that go therein. Narrow is the way, which leadeth unto life, and few there be that find it. Beware (take heed danger lies near) of false prophets (fable carriers) which appear in sheep's clothing (Christian like) but inwardly (mind set) they are ravening wolves" (Math 7:13-15). Those on the broad road are there because it is easy; they spend no time in the study of the scriptures. They take no heed to Jesus warnings. They fail to recognize the true workers of God and Jesus. So unknowing, in willful ignorance they join their fellow travelers down a road to rejection and destruction. Will being sincere cut it? Mother Eve was sincere but look what happened. "Fear God, and keep his commandments for this is the whole duty of man" (Ecc 12:13). Read your Bible.
