HOW MUCH DAMAGE CAN FLIES ACTUALLY DO?

The negative impact that flies have on the beef industry, during the summer, is staggering! Horn flies alone, cost the beef industry an estimated \$1 billion.

-NEGATIVE IMPACT OF FLIES TO YOUR HEARD-

- Flies are a threat to your bottom line.
- Bunching of animals and changes in grazing patterns.
- Cattle congregate in the driest, dustiest areas to help combat flies. As a result, cattle overgraze in those areas, and under-utilize other areas
- Decreased milk production
- Reduced weight gain and reduced weight of weaning calves

OUR FOCUS?

We focus our attention on helping ranchers protect their cattle against flies through the summer, thus reducing stress, helping with grazing behaviors and increasing milk production and weight gains.

Happy cows make for happy calves and happy ranchers!

A support group for bereaved parents, grandparents and siblings, The Compassionate Friends, meets the third Monday of each month at 7 pm at The Farm Bureau community room, 2702 West Modelle in Clinton, for further information, email tcfwester-noklahoma@gmail.com.

Farm & Ranch

Sunday is a day to have your priorities straight

One rancher told me he has always told his kids to be willing to work Monday through Saturday but only do what you have to on Sunday.

He has told them many times whatever you do on Sunday you will more than likely get to do it over on Monday.

His son is

well. A neighbor asked his son to help move a bunch of stuff to another location as he is moving south. So when the son said he was going to help him the dad said he kind of frowned but didn't say anything. So about noon on Sunday he showed back up at the house.

His dad said, "How did it go?" His son said, "Well, not too well. I got a speeding ticket going 85 miles per hour in a 65 mph zone."

His dad said, "Oh, and don't forget your insurance will now go up, too." His son immediately said, "I know, Dad, you don't have to tell me. I know."

Killing cow prices were a lot

better this week and slaughter bulls were higher too.

An older man at the sale was talking to me about his childhood. His dad ran a country store. He said his dad was not a Christian but he was definitely a good person and did a lot of nice things for other people. After this man became a Christian he then talked to his dad who ran the country store and wanted him to go to church. His dad said, "Well, ole so and so that goes to church and doesn't do some other people right—do you think he will get to heaven?" His son said, "Well, that is not for us to decide." His dad said, "Well, if he gets there I'm sure I will be

there." The son said, "I wish dad would have made a commitment but never told me if he did."

Did you know that coffee filters can be used as toilet paper? However, it may change the taste of your coffee.

My sister wanted to marry a postman but our parents didn't letter.

Once you understand why the pizza is made round. And it was packed in a square box. And eaten in a triangle. Then you will understand women.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Thank you,
Cannabis.

For helping me to get to bed.
 For giving me the motivation to write.
 For introducing me to great friends.
 For keeping me sane when my life fell apart.
 For introducing me to the love of my life.
 For accepting me and helping me accept myself.
 For making my joints and back feel better.
 For fixing my insomnia.
 For helping to eliminate my nightmares.
 For helping me deal with my stomach ulcer pain.
 For helping me with anger issues.
 For helping me with my bipolar disorder.
 For getting rid of my anorexia.
 For helping me keep a positive outlook.
 For treating my depression and anxiety.
 For fixing my chronic headaches.
 For fending off my panic attacks.
 For making my IBS bearable.
 For relieving my arthritis pain.
 For opening my mind to art and imagination.
 For being there for me when no one else was.

Thank you

RED ROCK remedies

www.redrockremedies.com

We are a growhouse located
 in Central Oklahoma.

WE DELIVER STATEWIDE!

GELATO • LSD • DREAM QUEEN • STORM CHASER • BLUEBERRY MUFFIN • PINEAPPLE UPSIDE DOWN CAKE

(DWC) DEEP WATER CULTURE STYLE GROW
 We pride ourselves on a quality hydroponic grow process
 which ensure proper nutrients to our plants.

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

FEATURED STRAIN OF THE MONTH!

DREAM QUEEN

Dream Queen is a hybrid marijuana strain made by crossing Blue Dream with Space Queen. Dream Queen produces effects that will leave you in a euphoric, uplifted state after just a puff or two. This strain hints of pineapple, bubblegum, citrus and menthol. Within minutes of one deep puff off my pipe I felt uplifted, energized, creative (happy) minded and ready to go play in my garden. After a day of one thing after another, another, another, this is exactly what I needed. Thank you RED ROCK REMEDIES for this refreshing, uplifting TOP SHELF medicine!

- reviewed by Gertie Daniels, Oklahoma's Cannabis Connection

SEVERE WEATHER COVERAGE

&

**Paragon Communications
wants to help keep you
safe during Storm Season!**

When severe weather rolls into the listening area, you'll hear a soft two-tone combination sounder on KECO & KOOL 94. This means severe weather is threatening, and that we're keeping an eye on it to let you know what's going on.

**So when the weather turns ugly, tune in to
KECO 96.5 or KOOL 94.3 for the latest updates!**

TRADIO

Tradio can be heard every Monday through Friday from 10am – 11am on KECO 96.5FM.

Callers can call or text 580-225-9697 to buy, sell, or trade during that time. Only calls are published here. These calls are from 04/28-05/04.

Elk City Man Charged After Hitting Woman With a Brick

April 30, 2021 -An Elk City man was arrested and charged recently after allegedly hitting a woman on the head with a brick.

According to police records, 37-year-old Markeith Demond Tucker was arrested on the afternoon of April 23 by Elk City police when police were dispatched to a home in the 1300 block of South Washington in reference to a woman who claims she was hit in the head by Tucker.

The probable cause affidavit said upon arrival, an officer made contact with the victim who was crying and rubbing the left side of her head. The officer observed a red mark on her left temple and her left ear was bright red. When the officer asked her where the brick was, the victim pointed to the sidewalk where the officer observed several broken pieces of what appeared to be a cinder block. The brick was secured, place in to evidence, and photographed.

Knowing the location of the suspect, ECPD made contact with Tucker and placed him under arrest. When he was told that he was arrested for domestic abuse he started screaming, cussing and calling the officer names. After Tucker was placed in the car, the suspect reportedly kicked the window of the vehicle. The suspect would finally comply after the officer threatened to spray him with pepper spray.

Tucker was transported and booked into the Elk City Police Department on a complaint of assault and battery with a dangerous weapon. He formally received the felony charge on April 26. His next court date is scheduled for May 3.

Sayre Man Wanted on Child Porn Charge

April 28, 2021 - An outstanding warrant was issued in Beckham County District Court recently for the arrest of a Sayre man who has been charged with aggravated possession of child pornography – a felony.

The warrant, which was signed by a judge on Friday, comes after investigators spoke with 72-year-old Jerry Wayne Kennedy on February 1, 2019. In a probable cause affidavit, during that field interview, Kennedy would allegedly confess to authorities that he was in possession of child pornography on his laptop. On that same day, authorities executed a search warrant and seized several items that were capable of storing visual depictions of child pornography. Investigators also observed several of the images that were later determined to be stored on a micro SD digital storage device.

Five days later, investigators examined the seized micro SD card and would find copies of over 100 images. The court document stated that the images contained children from approximately 3-years-old to approximately 14-years-old, both male and female.

The document stated that there are more items to examine, and if there is more images discovered, Kennedy could face more charges.

As of press time, Kennedy had not been arrested.

No court date, or bond has been set.

Weatherford Man Found Guilty of Manslaughter

April 28, 2021 - A Weatherford man was found guilty of first-degree manslaughter by a judge on Tuesday.

The ruling came after a two day bench trial that started on Monday in Custer County District Court.

22-year-old Cole Issac Phillips was convicted of the crime that took place on April 4, 2020 in a home in the 700 block of East College Street in Weatherford, where he shot another man two times after a dispute over marijuana.

Phillips would claim during a preliminary hearing last November, and again during testimony at the trial, that he committed the crime out of self-defense. A claim that was hotly disputed by the prosecution.

Evidence and testimony provided by the prosecution would show that based on the trajectory of the shots, and the time between the two shots – which were determined to be anywhere between 5-10 seconds, Phillips had shot the man once in the torso and once in the head – killing the man at the scene.

A sentencing date for Phillips has been scheduled for July 2.

EXPLORING ENERGY NEWS

ESG Factor

By: Mark A. Stansberry,
Award-Winning Author
Energy Advocate
and Chairman
of The GTD Group
www.nationalenergytalk.com
FACEBOOK: National
Energy Talk

ESG is the acronym for Environmental, Social, and (Corporate) Governance. The ESG factor is becoming more and more discussed and implemented in all areas of finance, including the energy sector.

Many companies are working to define how they impact ESG criteria. Environmental is broad and it includes carbon and methane emissions, and water and air pollution. Social or social sustainability involves relationships with employees and communities. Governance relates to the officers and board in implementing environmental policies and procedures.

Environmental issues also comprise climate change, deforestation, renewable energy, waste management, and other impacts on natural resources.

Social concerns include: relationships with investors, financial institutions, and company employee policies.

Governance measures the company's implementation of all of its policies relating to the full scope of ESG.

In the energy industry, com-

panies are reviewing how they can improve their standards and report their findings to the public and other involved parties, such as financial institutions and stockholders. Many law firms and accounting firms are working to define what is needed for a successful ESG program. Many stockholders, lenders, company executives, and other involved parties are becoming more concerned in developing ESG compliances. Many energy companies in the near future will face economic challenges, if some forms of ESG are not incorporated.

In 1992, I founded the International Conference on Energy and the Environment, which became the International Policy Conference, at the University of Oklahoma, Sarkeys Energy Center. The conference was coordinated with Dr. Gus Gertsch, Director of the Center. The theme of the conference was "striving for energy efficiency and environmental preservation."

The conference has been held in several cities across the United States, for over twenty years, including Tulsa, Oklahoma City, Norman, Stillwater, Dallas, Houston, Denver, and Washington, D.C. The reason I founded the conference, was to begin a dialogue about energy and the environment. It concerned me, after a trip to Russia in the same year,

Mark A. Stansberry

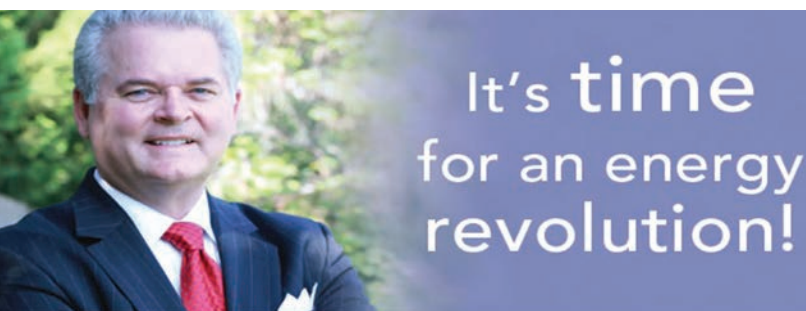

1992, that I saw first hand the conditions in Russian oil fields, relating to the environment. I believed it was important to begin discussions of how the United States and other countries could work toward the conference's theme. Today, we are faced with the need for sustainable energy and for environmental preservation. In my book, America Needs America's Energy: Creating Together the People's Energy Plan, I emphasised the importance of evaluating our own individual impact on our nation and playing our part in preserving our country.

As The Balance states, in a recent article, "ESG criteria create a framework for helping investors who want to incorporate personal values into their investment approach. The ESG screening process identifies companies that have built sound environmental practices, strong social responsibility tenets, and ethical governance initiatives into their corporate policies and everyday operations."

Oil and natural gas, along with all forms of energy, will be needed for many years to come. Together, we can achieve sustainable energy and environmental preservation.

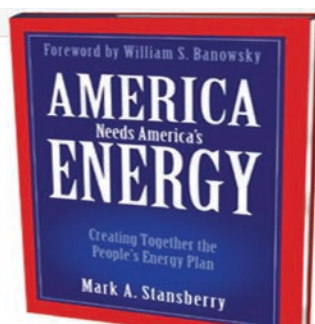

America needs America's energy! All forms. All American. Future generations are depending on us to keep the American dream alive!

AMERICA Needs America's ENERGY

"The time has come for all of us, the people, to take control of our energy future here in America."

Mark A. Stansberry
Author & Energy Advocate

Understanding What We Read

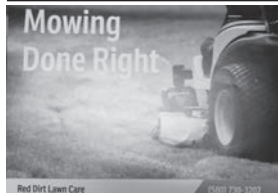

WHAT IS TRUTH

Greetings again in the lovely name of Jesus. What is truth? Can we know without doubt what truth is? How important is knowing the truth? Just what impact should it have on our lives? It seems that truth is something that is thought little of in our day and time. Is there such a thing as knowing the truth of the scriptures? Paul tells us in II Thess 2:13, "But we are bound to give thanks alway to God for you, brethren beloved of the Lord, because God hath from the beginning chosen you to salvation through sanctification of the Spirit and belief of the truth." This is an amazing verse of scripture. Some time, you need to read the remainder of the chapter. Please notice, we have been chosen by a setting apart of the Spirit and the belief of the truth. Now I ask you, can we be certain that we can know the truth? If we are set apart by it, surely we must know it. In John 14:6, Jesus said, "I am the way, the truth, and the life: no man cometh unto the Father, but by me." How amazing that I learned early on that Jesus had a Father. If Jesus is the truth, then we should investigate and be able to come to more truth. What is He the way to? What is He the truth to? I think the answer to these questions can be found in the scriptures. As I started to investigate, I wanted with all my heart to know for sure what truth is. I found two verses in John 17:2-3, "As thou hast given him power over all flesh, that he should give eternal life to as many as thou hast given him. And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent." Here is another verse that always meant a lot to me. Matthew 11:28 (NASB), "Come to Me, all who are weary and burdened, and I will give you rest. (29) Take My yoke upon you and learn from Me, for I am gentle and humble in heart, and YOU WILL FIND REST FOR YOUR SOULS. (30) For My yoke is comfortable, and My burden is light." (continued next week)

Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

PROTECT HEALTH CARE IN OUR COMMUNITY

Insurance Managed Care

would send \$2 billion of your taxpayer dollars
to insurance companies
to run Medicaid in Oklahoma.

OKLAHOMANS WILL LOSE THEIR DOCTORS.

Call Senator Jech

and tell him you don't want
Insurance Managed Care.

(405) 524-0126

There's still time to STOP Managed Care.
Ask your Senator to Support SB 131 and keep
taxpayer dollars in Oklahoma.

Insurance Managed Care is bad for Oklahomans.
It's bad for you.
