## Understanding What We Read

### THE WICKED

The end of the wicked...what will it be? Will the wicked have an end? We find in I Peter 4:17-18, "For the time is come that judgment must begin at the house of God: and if it first begin at us, what shall the end be of them that obey not the gospel of God? And if the righteous scarcely be saved, where shall the ungodly and the sinner appear?" Regardless of what background you come from, if the doctrine you believe does not comply with the word of God you need to forsake that doctrine and believe what the Bible says. In the first book of the Bible, we are given the account of the creation of man. Here is what is said in Gen 2:7, "And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life, and man became a living soul." Here we have a lot of opinions. But let me ask you, was there a "soul" before Adam was created? If so, why did God create such a being from the dust? Was man a soul before or after the breath of life was administered to him? Did God create something that he could not destroy? These are fair questions, and the Bible gives us the answer to these questions. God breathed the breath of life into the dust-made creature that was lying there. The Bible called it the breath of life, and that was the only thing God breathed into him. When the breath of life was administered into the dust-made creature, it became a LIVING SOUL. This is as clear as the noon day sun. The only thing that was breathed into the man was the breath of life. That was it. We will not add to nor will we take away from what is written. WE SERVICE WHAT WE SELL!

**HOW MUCH DAMAGE CAN FLIES ACTUALLY DO?**

The negative impact that flies have on the beef industry, during the summer, is staggering! Horn flies alone, cost the beef industry an estimated \$1 billion.

**-NEGATIVE IMPACT OF FLIES TO YOUR HEARD-**

- Flies are a threat to your bottom line.
- Bunching of animals and changes in grazing patterns.
- Cattle congregate in the driest, dustiest areas to help combat flies. As a result, cattle overgraze in those areas, and under-utilize other areas
  - Decreased milk production
  - Reduced weight gain and reduced weight of weaning calves

**OUR FOCUS?**

We focus our attention on helping ranchers protect their cattle against flies through the summer, thus reducing stress, helping with grazing behaviors and increasing milk production and weight gains.

Happy cows make for happy calves and happy ranchers!

## Land stewardship ultimately should be up to you

I have heard there are some loaning institutions that are going to require you to be stewards of land in order to borrow money.

I think it is all right to have a few qualifications like, for instance, if your land is blowing away and affecting

the neighbor but I am afraid that is just one step closer to

**Jerry Nine**

Livestock  
Auction  
Woodward, OK

complete control from the government. And a lot of times you get young, highly educated people who can't run their operation let alone yours.

I had a man call me this past week from Colorado that has a feedlot that he owns that is not extremely small but I would guess holds 10,000 head. He told me he had 1,000 cattle that were very fat and had been in too long in the feedlot to use them. I hope that is not the front part of what is to come, like when they decided to weed out the individual hog feeders that fed them to be ready to butcher. They told him they had plenty

of fat cattle already committed from these bigger commercial lots.

When they are making \$800 to over \$1,000 per head you wouldn't think they would care where they come from. Whatever the case is—we have to do something if we individual cattlemen are going to survive.

A young man was talking to an older cowboy at the sale barn. The young man said to the older man, "I'm sure you could teach me a lot." He said, "What advice would you give me?" He said, "Son, there are two times that are very important that you need to be there

when it happens and that is when your cattle sell at the sale barn and when your wife gets pregnant."

I learned several years ago that when your children are teenagers, it's very important to have a dog. That is so when you come home at least someone is happy to see you.

I just learned this week that the majority of archaeologists are women due to their natural ability to dig up the past.

**FEATURED STRAIN OF THE MONTH!**  
**DREAM QUEEN**

Dream Queen is a hybrid marijuana strain made by crossing Blue Dream with Space Queen. Dream Queen produces effects that will leave you in a euphoric, uplifted state after just a puff or two. This strain hints of pineapple, bubblegum, citrus and menthol. Within minutes of one deep puff off my pipe I felt uplifted, energized, creative (happy)minded and ready to go play in my garden. After a day of one thing after another, another, another, this is exactly what I needed. Thank you RED ROCK REMEDIES for this refreshing, uplifting TOP SHELF medicine!

## Elk City Mother Charged with Enabling Child Abuse

May 18, 2021 - An Elk City woman is wanted after being charged with enabling child abuse, after her son died due to alleged abuse in January.

Her boyfriend, 24-year-old Troy Justice Jones, is accused of killing the child and was charged with first-degree murder – child abuse.

According to a probable cause affidavit filed in Beckham County District Court, 23-year-old Paige Lavon Taylor received the felony charge on Friday after court documents revealed that the woman allowed Jones around her two children despite an agreement that was reached between her and her husband to not let the youth around the boyfriend.

The investigation stemmed from an incident that occurred on October 1, 2020 when a dog would attack Taylor's 5-year-old child. Authorities say the attack would leave permanent scarring on the child. In the report, Taylor would tell investigators that she did not know whose dog it was, and that she had limited knowledge of the incident. However it was revealed that authorities believed that Jones' dog was the culprit.

The affidavit went on to say that on December 19, 2020 a referral from the Child Abuse Hotline was worked by DHS Child Protective Services. During the course of investigating that case, authorities would find bruising to the back, buttocks, and legs of the mother's 2-year-old boy that is suspected to have happened on the day the referral was made.

DHS would implement a safety plan for the children that included the agreement between Taylor and the father to keep the children away from Jones.

However on the evening of January 20, the 2-year-old boy was rushed to a nearby hospital with what doctors would later describe injuries caused by abuse.

The affidavit for Taylor would state the acts by the mother ultimately ended in the death of the 2-year-old, and the protecting of the dog that had attacked the 5-year-old.

Bond for Taylor has been set at \$100,000. A court date is pending Taylor's arrest.

## Four Die in Custer County I-40 Crash

May 18, 2021 - Troopers are investigating a crash that claimed the lives of two adults and two children in Custer County.

According to an accident report filed by the Oklahoma Highway Patrol, a 2014 Hyundai Sonata was eastbound on Interstate 40, west of Clinton, when it gradually left the roadway.

The Sonata hit a concrete drainage ditch and continued over a bridge embankment. Officials say it eventually became airborne and hit a concrete retaining wall.

At that point, the vehicle rolled and came to rest on its top.

Troopers say four of the five people inside the Sonata were pronounced dead at the scene.

Officials identified the victims as 27-year-old Aime Tarango, 36-year-old Marleen Moncada, a 7-year-old girl, and a 3-year-old boy.

Authorities say the only survivor is a 16-year-old boy who was rushed to an Oklahoma City hospital. He was last listed to be in stable condition.

In the report, OHP says as to when the accident occurred remains under investigation. OHP says the cause of the crash is under investigation as well.

In other traffic news, a pair from New York were hospitalized Monday night after being involved in a two vehicle accident south of Clinton in Custer County.

OHP says a 42-year-old woman from Jamestown, New York was northbound on U.S. Highway 182, 1 mile south of Clinton, when she pulled to the shoulder and attempted to turn left, back into the highway. A second vehicle driven by 26-year-old Tryston Tyler Liberman would hit the car on the drivers side.

The woman along with a 15-year-old female passenger, also from Jamestown, New York, were transported to OU Medical Center and both admitted with minor injuries. Both were listed to be in stable condition.

Liberman was treated and released at the scene.

## Motorcycle Accident on Foss Dam Hospitalizes Teen

May 17, 2021 - A Foss teen is in critical condition after wrecking his motorcycle on Foss Lake Dam.

According to the collision report provided by the Oklahoma Highway Patrol, the incident took place Friday night just before 6:30 when the 16-year-old boy was riding a 2006 Suzuki DR650 motorcycle northbound on State Highway 44 when he failed to negotiate a slight curve to the left. This caused the motorcycle to depart the roadway to the right, strike the guard rail, and throw the teen from the motorcycle. The boy landed on the east side of the dam.

The teenager was flown to OU Medical Center in Oklahoma City where he was admitted for whole body injuries. He was last listed to be in critical condition.
