WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Dr. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801.

Telephone (580) 256-4301.

Today in Ag

Large profits and monopolies

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

Secretary of Agriculture Tom Vilsack is looking to create an opportunity to reverse what's happening today in the countryside where livestock producers are selling at a loss only to learn processors are capitalizing on large profits. He announced intent to invest \$500 million in American Rescue Plan funds to expand meat and poultry processing capacity so producers have more choices in the marketplace. This is to strengthen existing small and very small processing facilities.

This all sounds good but will do very little to help correct the problem. If they really want to correct the problem, then break up the big four packing house monopolies. Also get foreign ownership of any of our food supply

to 10% or none. When they quote Choice and Select beef and then let the packer pay what he wants then if you can't see there is a monopoly or rip-off it boils down to these things. You are extremely stupid, naïve or, better yet, you are tied to these packing houses one of two ways. You either handle enough cattle that they have given you a very sweet deal so they have enough numbers that they can steal the rest. Or a very few own a piece of these monopolies while the rest of us are enticed to give them our fat cattle with guarantee that we will get \$1 per hundredweight more than everyone else. Then the rest sell them any way they can to try to survive.

In one week's time the big four kill 520,000 cattle and if they make \$1,000 per head that gives the big four a half of a billion profit for the week. You tell me if that is not a rip-off.

At 40 years of age a man and his classmate guy friends decided to get together. They said, "Where shall we eat?" They decided, "Let's eat at The Gooseberry Grill." They all agreed because the food is good and the waitresses are attractive. At age 50, they all got together again. They said, "Where shall we eat?" They decided The Gooseberry Grill because you don't have to wait a long time on your food and it's decently priced. At age 60, they decided to get together. They said, "Where shall we eat?" They decided The Gooseberry Grill be-

cause it is smoke free and there is not a lot of noise. At age 70, they decided to get together. They said, "Let's eat at The Gooseberry Grill because it is wheelchair accessible and they have an elevator." At age 80, they decided to get together. They said, "Where do we want to eat?" One said, "Let's eat at The Gooseberry Grill" and they all agreed because they had never eaten there before.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Woodward Livestock Auction Report

Altosid IGR Mineral Tub

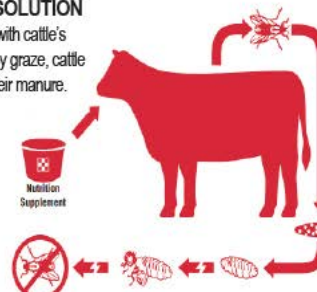

It's a fact! The constant biting of horn flies inflicts excessive stress on cattle. Fly counts can reach up to 2000 flies per animal, taking up to a gallon of blood in a 135-day fly season. Control horn flies all season with Altosid IGR Wind & Rain Mineral Tubs and you will see a difference in your herd. Begin putting Altosid IGR out in the spring. Continue feeding Altosid IGR throughout the summer until 30 days after the first frost to help prevent horn flies.

WIND AND RAIN® STORM® FLY CONTROL MINERAL CONTAINS ALTOSID®

ALTOSID® IGR SOLUTION

Altosid is ingested with cattle's
mineral or feed. As they graze, cattle
disperse IGR via their manure.

Adult horn flies live 2 to 4
weeks, taking 20 to 30 blood
meals per day.

Altosid breaks the life cycle
here, preventing pupae from
molting into adults.

Female flies leave the animal for
a few seconds to lay eggs in fresh
manure less than five minutes old.

Also available in sacks!

Today in Ag

with Jimmy Clark

**LISTEN MONDAY-FRIDAY
12-NOON!**

KECO 96.5 FM

Let's Talk About Agriculture

"I actually love putting up hay, especially alfalfa. It's the smell of alfalfa when you're baling it. There's no other smell like it in the world." That's what Jimmy Clark said when asked why he loves agriculture. But his love of ag goes beyond the five senses. "I love the unity of the farming community," Jimmy said. "The way folks help each other out." Jimmy is bringing his love of the land to 96.5FM KECO weekdays at noon with his new show, "Today in Agriculture, With Jimmy Clark."

SCHEDULE OF GUESTS

WED 7/21 Kelly Gwartney, Reydon FFA
THU 7/22 Dr. Taylor Mouse - Stockman's Vet Clinic
FRI 7/23 Hobart FFA - Mackie Brooks

We are a greenhouse located in Central Oklahoma.

WE DELIVER STATEWIDE!

GELATO • LSD • DREAM QUEEN • STORM CHASER • BLUEBERRY MUFFIN • PINEAPPLE UPSIDE DOWN CAKE

QUALITY FLOWER, SHAKE & TRIM AVAILABLE

(DWC) DEEP WATER CULTURE STYLE GROW
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

FEATURED STRAIN OF THE MONTH!

STORM CHASER

STORM CHASER (hybrid) is a cross of Skywalker x Kasher Chem x Zookies, which makes it a wonderful heavy indica strain. It's great for insomnia, as well as anxiety, ADHD, bipolar disorder, migraines, and PMS. It's particularly effective at pain relief. The taste is pungent and sweet, with earthy tones. The indica stress relief of this versatile strain makes it a good choice for patients looking for some mental and physical relief. This strain is great for your mind and body! Thank you RED ROCK REMEDIES for this smooth and relaxing TOP SHELF medicine!

- reviewed by Gertie Daniels, Oklahoma's Cannabis Connection

LATEST TEST RESULTS: STORM CHASER 25.9% THC 2.79 TERP; LSD 18.9% THC, 2.73 TERP; STORM CHASER 24.16% THC, 3.72 TERP; DREAM QUEEN 18.7% THC, 2.35 TERP

Understanding What We Read

FOR STUDENTS OF THE BIBLE

THE SOUL

According to the scripture, we are a soul... a human being. When God breathed into Adam, he became a living soul. When his breath left him, didn't he cease to live? Where is the first man Adam today? In regard to man and beast, we are told that "they have all one breath"(Eccl.3:19) This breath of life is not peculiar to man, but it is shared by beasts. Without this breath of life, living souls die. We cannot find the word "immortal soul" in the Bible. The Bible does teach just the opposite of mankind having an immortal soul. Leviticus 23:30 tells us that a soul can be destroyed. Ezekiel 18:4 says that the soul which sins shall die. It is evident by the scripture that men do not go to heaven at death. Peter said that David did not go to heaven (Acts 2:34). Jesus said that no man has ascended up to heaven (John3:13) Coffins carry real people-not some house that contained the so-called "immortal soul". They carry real people to their place of rest - real people who once breathed and lived but no longer are alive. Solomon said: "All go unto one place, all are of the dust, and all turn to dust again." (Eccl 3:20). Isn't death is our enemy? Doesn't everyone of right mind try to avoid death at all cost? Unfortunately we cannot avoid this death sentence but according to the scripture, all of mankind has a hope to come out of the grave and live again (Acts 24:15). When will this happen? 1st Corinthians chapter 15 tells us. Study the scripture to see if these things are true.

BCSO Investigating Thursday Shooting

July 19, 2021 - Shortly before noon Thursday, Beckham County Sheriff’s Deputies were called to a family dispute at a residence northwest of Elk City. The dispute was reportedly being caused by a family member who would not leave the residence.

According to a press release from the department, while deputies were en route to the residence they received information that an individual had been shot and had driven away.

Shortly after that, deputies located the individual driving toward Elk City. Deputies found that he had a gunshot wound to his shoulder, and they called EMS to the scene. That individual was transported to OU Medical Center, and his injuries are reportedly not life threatening. He has since been released from the hospital.

Sheriff Derek Manning said the investigation is ongoing and all those involved are cooperating with authorities, including the person who is believed to have fired the shot. No names have been released, and no arrests have been made at this time.

Sheriff Manning said in the press release that an investigation into the matter is underway and once completed, information will be turned over to the District Attorney’s office so that they may determine what charges, if any, will be filed.

Two Vehicle Accident in Beckham Co. Hospitalizes 3-year-old Boy

July 19, 2021 - A man and woman from Sayre along with a 3-year-old boy were hospitalized Friday evening after being involved in a two vehicle accident in Beckham County.

Authorities said there were four passengers in one of the vehicles involved, three of which being juveniles between the ages of two and five.

According to the collision report provided by the Oklahoma Highway Patrol, the mishap took place in the westbound lanes of I-40 near mile marker 31, 3 miles west of Elk City, when the 2012 Ford F-750 driven by 41-year-old Jason Pruitt of Berwick, Pennsylvania entered the lane that was occupied by a 2003 Dodge Durango driven by 22-year-old Eliane Johnson.

OHP says after the two vehicles made contact, the Durango departed the road to the right and overturned one time, ejecting a 5-year-old boy. Fortunately it was reported that the boy was treated and released with only minor injuries.

However the driver, Johnson was transported to OU Medical Center in Oklahoma City where she was admitted with head internal, trunk internal, legs and arm injuries – last listed to be in stable condition.

Another passenger, 25-year-old Jimmy Cole was also transported to OU Medical Center and admitted in stable condition with head injuries. The 3-year-old boy was taken to OU Children’s Hospital and admitted with head internal, trunk internal, legs and arms injuries, also last listed to be in stable condition. A 2-year-old female was treated and released from the scene.

The driver of the F-750, Pruitt, was not injured in the crash.
