**WHITE DENTAL CARE**

**Drs. Mori & Teri White, DDS**

**Sedation Dentistry Calms Fears...**  
Take a ***pill*** and ***snooze*** through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

**Sedation**

**Dr. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801.**

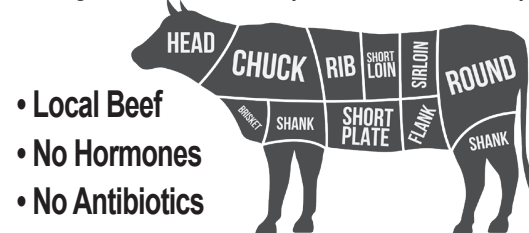

**Telephone (580) 256-4301. See our website at www.woodwarddentist.com**

## Altosid IGR Mineral Tub

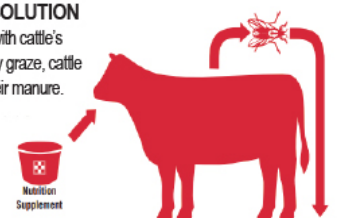

It's a fact! The constant biting of horn flies inflicts excessive stress on cattle. Fly counts can reach up to 2000 flies per animal, taking up to a gallon of blood in a 135-day fly season. Control horn flies all season with Altosid IGR Wind & Rain Mineral Tubs and you will see a difference in your herd. Begin putting Altosid IGR out in the spring. Continue feeding Altosid IGR throughout the summer until 30 days after the first frost to help prevent horn flies.

### WIND AND RAIN® STORM® FLY CONTROL MINERAL CONTAINS ALTOSID®

#### ALTOSID® IGR SOLUTION

Altosid is ingested with cattle's mineral or feed. As they graze, cattle disperse IGR via their manure.

Adult horn flies live 2 to 4 weeks, taking 20 to 30 blood meals per day.

In 1 to 2 days, eggs hatch into larvae. After 3 to 5 days, the larvae molt into pupae.

Altosid breaks the life cycle here, preventing pupae from molting into adults.

Female flies leave the animal for a few seconds to lay eggs in fresh manure less than five minutes old.

Also available in sacks!

## Respect those who served our country

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I hope you had the chance to see the Army football team honor the 20th anniversary of the Sept. 11, 2001, terrorists attacks during its first home game of the season.

Before the start of the game against Western Kentucky the entire team ran onto the field carrying American flags. It

was a beautiful sight. Perhaps maybe the NFL and NBA should learn something and I challenge you to let them know that.

Everything doesn't have to be perfect in America and never will be but you should show respect and pride in America. To take

a knee during the national anthem is a disgrace to the families who lost loved ones who were fighting for freedom for even those who were disrespecting America.

More all the time we see people who do not have respect for anyone or anything and evidently not even respect for themselves.

I know a lot of Christian preachers who feel like we are approaching the last days or years. I was talking to the preacher after Sunday service and he said, "Read Revelations and you will realize the world will get worse but at the same time Christian things will get stronger and more prevalent."

JBS USA on Sept. 13 halted production at a Nebraska beef plant that slaughters about 5% of the United States cattle due to a fire. But the company was expected to resume production the following day. That plant has the capacity to slaughter 6,000 cattle a day. Meatpackers slaughter about 120,000 cattle per day nationwide.

Sandra and Tammy were outside their nursing home having a drink and a smoke when it started to rain. Tammy pulls out a condom, cuts off the end of it and puts it over the cigarette and continues to smoking. Sandra said, "What in the heck is that?" Tammy said, "A condom," and added, "This way my cigarette doesn't get wet."

Sandra said, "Where did you get it?" Tammy said, "You can get them at any pharmacy." The next day Sandra hobbles herself into the local pharmacy and announces to the pharmacist that she wants a box of condoms.

The pharmacist, obviously embarrassed, looks at her strangely—after all she is over 80 years of age—but very delicately asks what size, texture, and brand of condoms she prefers. Sandra said, "It doesn't matter as long as it fits a Camel."

The pharmacist fainted.

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

**(DWC) DEEP WATER CULTURE STYLE GROW**  
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

**QUALITY FLOWER, SHAKE & TRIM AVAILABLE**

*Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.*

## Clinton Man Bites Woman – Charged

September 20, 2021 - A Clinton man was arrested last week after allegedly biting a woman.

According to a probable cause affidavit, 29-year-old Alfonso De La Fuente was arrested on September 12 after police were dispatched to a domestic disturbance taking place at a home in the 300 block of South 14th Street.

The court document stated that when police arrived, the victim was standing in the driveway holding her right arm. Police would note that the woman had a fresh bite mark on the side of her right wrist. She would also tell authorities that she was pregnant.

Police said that the suspect allegedly grabbed the victim around the waist and began to squeeze from her side so that he was squeezing her stomach and that she attempted to push him off.

The court document said that the incident began when the suspect became upset after he couldn't find his phone or wallet, and claimed that the woman had taken them from him.

The incident took place with a young child in the home. That child would go to a neighbor's home and told her to contact police.

EMS checked on the woman, however she was not transported to the hospital.

Police did indicate that it appeared that the suspect was under the influence of an "intoxicant" during the incident.

De La Fuente was charged in Custer County District Court with one felony count of domestic assault and battery in the presence of a minor. A preliminary hearing for De La Fuente has been scheduled for October 8.

## Wanted Custer City Man Charged with Three Counts of Child Sexual Abuse

September 16, 2021 - A Custer City man is wanted in Custer County after being accused of sexually abusing three female minors.

Two of the three girls were adopted daughters of the subject with the other being his step-daughter.

According to court records, an outstanding warrant for arrest was issued for 51-year-old Roger Dean Bell on September 9 after being charged with three felony counts of child sexual abuse.

A probable cause affidavit revealed that multiple incidents occurred between Bell and the victims between September 2009 and June 2018.

One victim was reportedly between the age of 12 and 17 during the abuse, another between 15 and 17, and the third girl between 13 and 18.

Once arrested, bond for Bell was set at \$50,000.

As of press time, Bell has not been apprehended.

## Mangum Man In Critical Condition After Greer Co. Wreck

September 17, 2021 - A Mangum man is in critical condition after the vehicle he was riding in wrecked Thursday afternoon in Greer County.

According to the accident report provided by the Oklahoma Highway Patrol, 52-year-old Carl Mooney was the passenger in a 2008 Chevy pick up driven by 54-year-old James Mooney, also of Mangum, when while going eastbound on U.S. Highway 283, 2 miles east of Mangum, the pick up failed to negotiate a curve, departed the road to the right, and then the left after the driver over corrected. Once the vehicle departed the road the second time, it would strike a utility pole.

Carl Mooney was transported to Jackson County Memorial Hospital in Altus before being transferred to OU Medical Center in Oklahoma City where he was admitted in critical condition with head and trunk internal injuries.

The driver, James Mooney, was not injured.

OHP listed the cause of the collision as being "driver inattention" and also said the condition of the driver is still under investigation.

OHP says both occupants of the vehicle were not wearing seat belts.

**Understanding**  
**What We Read**

(For students of the Bible)  
What Does My Church Teach?

(continued study of whom God and Jesus are) Well then where did this doctrine of the Trinity come from? Constantine became a friend to the persecuted church. The ones who had placed their trust in the one who had shed his blood for them had then placed their trust in the one who had stopped the persecution. From the book "The World's Great Empires" by Mrs. M. Mc Kinstry page 237-238 "At last Constantine called a council of bishops and prominent officers of the church to assemble at Nice, in Bithynia, to adjust this trouble, by arranging a creed for the church, which should set forth the articles of faith, under the sanction of both the church and the government. This council met in A.D. 325, and was composed of three hundred and eighteen bishops, and one thousand seven hundred and thirty presbyters, deacons, and others making in all two thousand forty-eight members. Constantine presided; and after much discussion they decided to adopt the following creed (remember we are required to prove all things to see if it corresponds with the Bible):" We believe in One God, the Father, the Almighty, Maker of heaven and earth, of all that is, seen and unseen. We believe in one Lord Jesus Christ, the only Son of God, Eternally begotten of the Father, God from God, Light from Light, True God from true God, begotten not made, of one being with the Father Through him all things were made. For us men and for our salvation. He came down from heaven by the power of the Holy Spirit. He became incarnate of the Virgin Mary and was made man. For our sake he was crucified under Pontius Pilate; He suffered death and was buried. On the third day he rose again in accordance with the scriptures; He ascended into heaven and is seated at the right hand of the Father.....the Holy Spirit, the Lord, the giver of life, Who proceeds from the Father and the Son. With the Father and the Son, he is worshipped and glorified....." Does this creed agree with Bible doctrine we have been studying? I remembered Matthew 16:13-16 13 Now when Jesus came into the region of Caesarea Philippi, He was asking His disciples, "Who do people say that the Son of Man is?" 14 And they said, "Some say John the Baptist; and others, Elijah; and still others, Jeremiah, or one of the other prophets." 15 He \*said to them, "But who do you yourselves say that I am?" 16 Simon Peter answered, "You are the Christ, the Son of the living God." How hard is that to believe? If people would just trust Jesus and his words instead of their pastors and really believe what Jesus says in his word people would find the answers in the word of God. (continued)
