## Decisions by some causes much angst

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

We have a lot of stuff going on in America and most of that stuff I do not like.

They say, "What we don't buy from Russia we might buy from Iran." Do we remember what Iran said, "Death to America!" We need to stop the green agenda and do everything we can to open our own floodgates. The green

supporters don't want to open the Keystone pipeline because that is the first thing their president did was close it down.

If they don't break away from that left wing bunch, who appears to be controlling our government, then we are in trouble. I don't know about your operation, but I have six pickups to fill up every day. And if it

costs \$120 per day that is \$720 each day or \$21,600 every month, not counting diesel to haul cattle.

Then the high cost of grain and hay now makes it more challenging. I don't want to be negative, but the truth is the truth.

I also need to buy a new feed pickup or spend quite a lot on the older one. Add \$60,000 to that and see where you are at and that is if we take all the added necessities off the old one to save money like the cake feeder and bale spike and flatbed.

And just in case the government has forgotten by going green there is a lot less drilling for gas and oil going on. Think about how many workers that puts to work let alone more income for mineral owners to spend in our economy.

I don't own a lot of minerals, but I did own the land that I got to sell the location for drilling and then the pipeline easements. Guess what? That helped make a lot of land payments and, in turn, has allowed a lot of employees to have a job for many years.

Show your support for America and vote for people who are for America no matter which party they are affiliated with. If anyone ever kneels during the national anthem or prayer let the owner of the team know you will never support them again.

We had a Red Angus special sale selling a lot of good bulls topping at \$6,600 and our 2-year-old pairs topped at \$2,100.

As he stepped out of the shower, Rob said, "It is just too hot to wear clothes today. What do you think if I mowed the lawn like this?" Jacqueline, his wife, said, "They would probably think I married you for your money."

Is Google male or female? I would say female cause it never lets you finish a sentence before making a suggestion.

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

### Our Genetics Work - We Have Proof!

By using the same genetics in both our commercial and registered herds, we can gather data and track our cattle through the feedlot. If our genetics aren't profitable on the range, in drought conditions, in the feedlot or on the rail, we are the first to know.

We value the importance of low inputs with high efficiency, added pounds through genetic merit, and honest females that make it happen year after year.

Real ranchers with real efficiency in a real environment.

### Man Dies in Wheeler County Wreck

March 14, 2022 - A Colorado man is dead after a crash between two semi-trucks on US 83, about three miles north of Shamrock, Texas on Thursday night.

According to the Texas Department of Public Safety, at about 9:45 p.m., 52-year-old Sorin Bodescu of Livonia, Michigan, was driving a 2017 Volvo truck tractor towing a semi-trailer northbound on US 83 while 60-year-old Bradley Hedger of Loveland, Colorado, was driving a truck tractor towing a semi-trailer south on US 83.

DPS said Bodescu failed to drive in a single lane and crossed over into the southbound lane of traffic and hit the other truck on the driver's side.

Both vehicles and towed semi-trailers suffered extensive damage in the wreck.

Hedger was pronounced dead on the scene by Wheeler County Justice of the Peace Rick Walden.

Bodescu and passenger, 37-year-old Ioan Sandu, of Clinton Township, Michigan, were taken to the hospital in Shamrock with non-life-threatening injuries.

DPS said the Texas Highway Patrol is still investigating this crash.

### Doctor with Local Ties Accused of Spiking Woman's Drink

March 14, 2022 - A doctor who operates throughout western Oklahoma has been arrested, accused of drugging a woman's drink at a bar in the early morning hours of Christmas Day.

According to court documents, a victim claims Dr. Kamran Massoumi drugged her drink at a hotel bar in Oklahoma City before taking her to his hotel room.

According to the Oklahoma Medical Board's website, Massoumi's main practice address is listed as the Oklahoma Eye Institute based out of Elk City.

He is also listed as having "hospital privileges" at Jackson County Memorial Hospital in Altus and facilities in Hobart and Mangum, as well as others across the state.

Investigators said surveillance video of the bar shows Massoumi order a drink from the bar before the victim arrived, and then pull something from his pants pocket and pour it into the drink.

He could later be seen taking the drink and two other drinks to a table, then going outside and returning with the victim shortly before midnight.

Police said he was then seen giving her the glass that he put an unknown substance into, and then refilling it from a champagne bottle before they went to the hotel elevator and up to his room in the early morning hours.

The victim told investigators that once in his hotel room, she began to feel ill and dizzy and called a friend who then came to pick her up.

That friend told police the victim had slurred speech and she wasn't able to understand what her friend was saying when she got there to pick her up.

Massoumi was arrested for mingling poison, drugs or sharp objects with food or drink.

Massoumi's bond has been set at \$25,000.

### Elk City Man Accused of Raping Teen - Charged

March 14, 2022 - An Elk City man was arrested and charged recently after allegedly raping a 17-year-old.

The man also allegedly threatened to kill the victim and her family if she told anyone about the incident.

According to a probable cause affidavit filed by Elk City Police, 30-year-old Mauricio Evaristo Lopez was arrested on February 28 after police were notified earlier that morning.

The court document stated that the victim told police that Lopez had driven to the victim's Elk City home and contacted her via text message - telling her to come to his car. The victim said that's when the defendant allegedly offered her money in exchange for sex, but she refused.

From there, the defendant would allegedly commit the crime.

Afterwards, the victim said that Lopez threatened to kill her and her family if she told anyone about the alleged assault.

Police were able to gain access to the victim's cell phone where they found a conversation between the victim and the defendant where he would allegedly make the same threat again.

After getting a description of the defendant's car, police were able to locate and arrest Lopez during a traffic stop.

During an interview with police, Lopez allegedly confessed to having sex with the teen, however saying that it was consensual. He also said that he did offer the victim a large amount of money.

Lopez was charged in Beckham County District court with first degree rape by force or fear, procuring child prostitution, and harassing and threatening electronic communication.

Bond for Lopez was denied.

### Understanding What We Read

FOR STUDENTS OF THE BIBLE  
END TIMES

Why is Jesus coming back to this earth? This hope and teaching was almost completely lost during the dark ages, or about the period of time between 300AD and the mid 18th century. No established denomination was teaching and believing in Jesus second coming, until the great cry of men who found and had revelation from the Bible of Jesus return. The book of Daniel was the principle source of this lost faith. About 1820 three men, preachers, began almost the same time the preaching of Jesus second coming.

Joseph Wolf in Asia, Edward Irving in England and William Miller in the U.S. Since that time, many now teach Jesus coming, but few have come to the knowledge of why is he to return. Jesus stated many times, also the prophets have foretold this great event! Here is Jesus prophecy: "For the Son of Man shall come in the glory of his Father... and then shall reward every man according to his works" (Math 16:27) Thus we can now see why Jesus second coming is so essential and necessary! Why? He is returning to reward all men! What is the wages of sin? Death! What is the wages of righteousness? Eternal Life!

(Romans 6:23) Thus clearly taught is the truth, men do not go to their reward at death! They wait for the return of the savior, and then he will determine who will live forever, and who will be destroyed. What about those that have already died? Listen to what the righteous man Job believed: "If a man die, shall he live again? All the days of my appointed time will I wait until my change come" (Job 14:14). When will Job live again?

Where did Job believe he would live after his resurrection (Psa 37 and Math 5:5)?
