Memorial Day remains an anchor to freedom

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

Memorial Day was celebrated May 29. What a day when we need to appreciate what others have done for us to be free. On the radio I heard that a million people have laid their lives down so that we all could have a better life.

Ask yourself would you willingly sacrifice your life for the rest of America? Let alone the ones that come back disabled and also come back with mental scars. That is one thing every school should teach and that is

respect and appreciation. And then go around the room and ask each one individually, "Would you give up your life so the rest of the students in this room could

have a better and free life?"

It is so nice to see green everywhere we look. Cattle are more content and so are their owners. Some farmers have planted cane and have a very nice stand. Others are in the process of planting it.

Cattle futures continue to climb. On Tuesday, November feeder futures closed at \$242.52, with next May at \$245.75. Five months from now October fats are at \$171.32 and December at \$174.85. I guess I would have to say let the good times roll. Killing cows topped at \$117.00 per hundredweight and bulls topped \$131.50.

Feeder demand is very good and keeps getting better every week. My advice is stay aggressive. I think it has all the appearance of staying good for several years, but do not ever get to the point that you think all you have to do is buy them to make money. I do not trust the government from importing beef from other countries as money talks to some politicians. Or a bad news scenario could slow the market down.

I was listening to a preacher who said remember God gave us two ears and one mouth so perhaps, God meant for us to listen more than talk. I was listening to a person talking about prison workers in Oklahoma and he said there are 4,200 workers and 4,500 volunteers.

I talked to one man in prison who is struggling to stay positive, and I am always a sucker for the underdog but after a killing in another prison a week ago they still have them all in lockdown. There are 120 prisoners in one building, and they can't get out of that building. That would be more than I could take. His daughter drove five hours a week ago to be told she and her son couldn't see him. Some need to be there. Some need a second chance.

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Fatal Motorcycle Accident Saturday in Beckham County

June 5, 2023 - By News Director Jared Atha - A Sayre man is dead after a deadly motorcycle crash in Beckham County on Saturday night.

According to the collision report provided by the Oklahoma Highway Patrol, the crash happened at 8:42 p.m. on I-40 at mile marker 26, 2 miles east of Sayre.

Troopers say 35-year-old Justin G. Benavidez of Sayre was pronounced dead at the scene.

The report stated that both the cause of the crash and condition of the driver are under investigation.

Trail Cameras Help Break Open Theft Case

June 2, 2023 - By News Director Jared Atha - A Weatherford man was arrested and charged last month after allegedly stealing items from a towing company yard.

According to a probable cause affidavit, a break in the case came when the business owner set up trail cameras and captured photos of the suspect, and the vehicle used during the alleged crime.

The court document shows that Weatherford police were dispatched to the business on May 18 in reference to a theft. There the owner would tell police that he had noticed various items that included stereo equipment strategically placed near a fence of the tow yard with a hole in it.

The man told police he had set up the motion censored trail cameras and had obtained photos of a Dodge Durango and a man he identified as being 41-year-old Delbert Allen Brislane.

The next day the items were gone.

The affidavit said that on May 21 police were again contacted by the business owner, claiming he had made contact with the suspect and that while attempting to photograph the stolen items, Brislane would enter the Dodge Durango and flee.

Later he was pulled over by a Trooper with the Oklahoma Highway Patrol and later arrested.

The affidavit also said that while speaking with authorities, Brislane admitted to taking the items.

Brislane was later charged with one felony count of 3rd degree burglary in Custer County District Court.

Geary Man Dies in One Vehicle Accident

May 31, 2023 - By News Director Jared Atha - A 72-year-old Geary man man died in a single-vehicle crash Tuesday morning on a highway in Canadian County.

According to an Oklahoma Highway Patrol collision report, a 2017 Cadillac XTS driven by 72-year-old Murray Medicinebird was traveling west on US-270 around 9:25 a.m. near Geary when for the unknown reason the car left the road and struck a concrete culvert. The Cadillac rolled over and stopped about 7 feet down an embankment.

The Calumet Fire Department pronounced Medicinebird dead at the scene.

No other vehicles or people were involved in the crash. Authorities are investigating the cause of the collision.
