New and old ways make a difference

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

One thing about the cattle business, you are never too old to learn and sometimes I have to re-learn the same thing over and over. It doesn't matter whether you are 20 or 80 years old—and I'm not 80.

I had a cow that I had just bought that had a calf. The calf seemed somewhat fine but the mother was content most of the time hanging with

her friends and not by her calf. Come to think about it, there are a lot of people like that too. So the second day the calf was flat as a pancake. In fact I walked over by the calf and thought he was

breathing his last breath.

I gave it 2 cc of Draxin and 35 ounces of powdered milk. Then I told my youngest son I was going to go get two raw eggs and give that to the calf, also. I tease my boys a lot so when I brought the two eggs out there he said, "Oh, I thought you were kidding." When I gave the 2 cc of Draxin the calf did raise his head up probably because the shot hurt.

We built a pen around the calf surrounded by grass hay. The next day I thought I would see if the calf was still alive. When I got close I could hear the calf bawling, which is a good scientific sign that the calf was not dead. I opened the gate and the calf came out and even bucked a little going to his mother.

I told my son you would never swear that is the same calf. Not sure what did the trick, maybe all of it, but anyway it worked.

In my opinion we have to shut down the border crossing and get control of it. This is not a Republican or Democrat issue. Lots are coming in that hate America.

I saw a picture of an older woman and older man. They were married and both were eating breakfast together at home with a box of Corn Flakes sitting on the table. Both of their hair was all messed up and looked like they just woke up. She said to him, "Well, we may not have wild sex anymore but at least we look like we do."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Woodward Livestock Auction Report

THURSDAY, NOV 9, 2023

Receipts: 2,851 Last Reported: 1,622 Last Year: 4,302

Compared to last week: Feeder steers mostly steady. Feeder heifers 10.00 to 15.00 lower. Steer calves steady to 5.00 lower. Heifer calves 8.00 to 12.00 lower. Demand was moderate to active for the calves for grazing and light to moderate for the feeder cattle. Quality average. Supply included: 100% Feeder Cattle (45% Steers, 45% Heifers, 10% Bulls). Feeder cattle supply over 600 lbs was 47%.

"Mike has a simple formula to prove the value of the oiler. 'If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow.'"

California Man Attempts to Elude Authorities in Semi

November 10, 2023 - A California man was placed under arrest in Beckham County recently after refusing to pull over his semi that had a blowout on Interstate 40.

According to a probable cause affidavit filed by the Beckham County Sheriff's Department, 58-year-old Changqing Wu of San Gabriel, California was arrested on the morning of November 2 after leading Beckham County Deputies and Troopers with the Oklahoma Highway Patrol on a short pursuit on east bound I-40 near Elk City.

The affidavit said that deputies were dispatched to a possible semi trailer on fire near the 35 mile marker. When they arrived they found that the semi had suffered a blowout. When the deputy approached the driver's side to speak with the driver, later identified as Wu, he would drive away from the scene.

Deputies would pursue the truck and trailer that stayed on the shoulder and would only reach speeds up to 50 mph.

Eventually the semi was stopped with the assistance from the OHP, and Wu was arrested.

A passenger in the semi, who was asleep in the sleeper cab of the semi, would take possession of the vehicle.

The affidavit did not say why Wu chose to lead authorities on the pursuit.

He was arrested and booked into the Beckham County Jail.

He was later charged with one felony count of attempting to elude a police officer.

More Details Released of Fatal Accident Near Burns Flat

November 10, 2023 - More details revealed surrounding a fatal car versus pedestrian accident near Burns Flat.

According to the Oklahoma Highway Patrol, 44-year-old Jeffery A. George was struck by a 2015 Sierra GMC Tuesday night near the intersection of OK-44 and county road E. 1160, just south of Burns Flat.

OHP said for an unknown reason, George was on foot before being struck by the pickup that was driven by 57-year-old Oklahoma City resident Rhonda S. Ferrel.

George was pronounced deceased on the scene.

Troopers said the accident remains under investigation.

A separate accident that occurred on westbound Interstate 40 near mile marker 68 Wednesday night is also under investigation.

OHP said an SUV was struck by a semi-truck while merging into one lane of traffic in a construction zone just east of Clinton.

The collision caused the vehicle to go into the cable barriers where it was stopped before going into oncoming traffic. The driver of the SUV, whose name was not released, was transported to Weatherford Regional Hospital for minor injuries after being trapped in the vehicle.

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your
dental appointment.

For many Americans, going to the dentist is a
frightful event. If you are one of the 145 million
people who avoid the dentist due to fear, we
have the solution... Sedation Dentistry.

You can now experience your dental appointment
through a totally relaxed and comfortable environ-
ment. With the help of Sedation Dentistry, you will
wake up to find that your dental appointment is over
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish
more dentistry in one appointment which means fewer
visits to the dentist.

Sedation Dentistry is available for everything from
simple restoration to the most complex procedures.
We are very sensitive to our patients needs, especial-
ly those with high fear and apprehension. Now we
can put an end to anxiety with this safe and wonderful
technique of sedation.

We are proud to be able to offer Sedation Dentistry
and offer hope to those who have been avoiding the
dentist due to fear. If you would like to know more,
call our team with your questions.
