# WHITE DENTAL CARE

## Drs. Mori & Teri White, DDS

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## Reasons to be thankful are many

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

What are you most thankful for? Your family? Your kids? Your faith? Your freedom?

With all the turmoil in the world this would be a good year to remind your family how fortunate they are to live in America. Despite all the negative I see here we are still blessed. I feel blessed to live in the country and in an area

where people are friendly and where most people care about their neighbors.

And I am thankful there is not war in our area and fearful a bomb might go off at any moment. Stand up for what you believe in. I went to Lexington Prison this past week where an inmate gave a sermon at a prison ministry. He said if a five-minute prayer every day and one hour on Sunday is all you have to offer God that isn't much.

Another said the most dangerous deception is deceiving yourself. In Christianity and

life there are no do overs but there is another chance for a fresh start.

Whatever the main reason is that our cattle market has tumbled quite a bit in the past month or so I am not sure. Possibly the packers wanted to try to lower it and then the funds jumped on board. Or perhaps we had peaked out at these higher levels.

Fat cattle are still a good price. Some feeder cattle at the sale seem cheap after getting used to those higher figures. Yet on the better-quality calves and feeders the price still seems good.

When you go east and south of Woodward the wheat that was planted early looks very good. And seems to grow 2 to 3 inches every week.

This past week I saw where it said today police found an unidentified man's body in a park nearby. They described him as having a beer belly, saggy butt, wrinkles all over and a very small anatomy below the belt. I was afraid that could have been one of many of my customers from the sale barn. I hope you all are alright.

If you ate turkey instead of beef on Thanksgiving Day then I hope "you choked."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

## UPDATE: Names Released of Victims of Fatal Accident Near Elk City

November 28, 2023 - The Oklahoma Highway Patrol has released the names of the victims of the tragic accident that occurred last week near Elk City.

Troopers said the accident occurred at the intersection of Route 66 and OK-34, 3 miles west of Elk City, when a 2015 Toyota Sienna driven by 43-year-old Jose Paxtor Oxlai of Los Angeles, California collided with a 2021 Ford F-250 just after 3 p.m.

As a result, 23-year-old Kimberly Sloresvila Xol-Ehub, 26-year-old Rutilia Tzud-Xol, 35-year-old Geremias Choc-Saqui, a 6-year-old female, a 17-year-old male all from Camden, New Jersey died from injuries sustained in the wreck. Additionally, a 16-year-old male from Oklahoma City also passed away.

A seventh passengers, a 4-year-old female from Camden, New Jersey was flown to OU Medical Center in Oklahoma City where she was last listed to be in critical condition with arm, head, trunk internal, trunk external and leg injuries.

It is unknown as to what the relationships of everyone were to each other in the vehicle.

The driver, Oxlai, suffered arm injuries and was treated and released from Great Plains Regional Medical Center. He would be arrested on a complaint of first degree manslaughter.

OHP said the condition of the driver and cause of the collision are both under investigation. The driver of the F-250 was uninjured.

## SWOSU History Professor's Article About Elk City and Clinton Featured in State Journal

November 22, 2023 - Press Release - The state historical society is reminding readers of a time when two western Oklahoma cities prepared to house nuclear missiles.

The fall 2023 edition of The Chronicles of Oklahoma includes the article "Nike Missile Fail: When Elk City and Clinton Almost Went Nuclear" by SWOSU history professor Landry Brewer.

"When the Soviet Union acquired nuclear weapons in 1949, the U.S. prepared to defend itself against a Soviet nuclear attack delivered by long-range bombers," Brewer said.

The U.S. Army deployed hundreds of Nike surface-to-air missile batteries across the country in the 1950s.

The Nike Hercules was the nation's first antiaircraft missile to carry a nuclear warhead.

Nike launch sites were sometimes stationed near Strategic Air Command bases that operated nuclear weapons. One SAC base scheduled to be protected by Nike Hercules missiles was Burns Flat's Clinton-Sherman Air Force Base.

As a result, Nike Hercules missile batteries were scheduled to be placed near Elk City and Clinton in 1959. These would have been the first Nike missiles placed in Oklahoma.

"Two launch batteries requiring hundreds of acres of land near Elk City and Clinton would have brought more than 200 Army personnel to live near those cities and operate those missile sites around the clock," Brewer said. "Construction of Nike Hercules launch sites would have cost around \$2 million, and thousands of dollars of monthly payroll would have been earned—and spent—by the Army personnel living near those cities."

The edition of The Chronicles of Oklahoma that includes the article is scheduled to be available by the end of November.

Here we have a classic starter home with great bones! This 2 bed, 1 bath home has 896 sq.ft. and sits on 3 spacious lots. It has so much to offer the new owner. It's construction is cement block with a Spanish-style roof. There is a large concrete drive with a covered entrance to the home as well as a detached 12 x 40 ft. covered RV cover. There's a home generator here, a 12 x 20 ft. CqJac building in back with electricity. There's a brick paved patio area in the back yard that is perfect for sitting in the evening with a cocktail and watching the sunset! It has central heat/air and electric hot water heater. There is a utility room and a large hall closet for plenty of storage. The kitchen has an abundance of nice cabinets and is equipped with a Frigidaire oven w/flat cooktop and overhead microwave. The bathroom is updated with a walk-in shower and vanity. This home is a charming must-see and we look forward to seeing you at the open house!
