Today in Ag

Finding replacement parts a chore

I went in this morning to our local mechanic who is very good. There are vehicles everywhere that need to be fixed. That is also because he does a good job. But his helper said one problem we have it is almost like the pandemic again.

He thought when Barack Obama was presi-

dent a lot of old vehicles were taken out and manufacturers quit making parts for some of the old vehicles. So now the older vehicles aren't around to take parts off. In general he said parts are hard to get. They were trying to get a rebuilt transmission for my pickup, which is a 2013 Ford tonner. He thought they would find one but they were having trouble locating one.

The wheat fields are greening up and it is growing some. Nothing looks better to a cattleman than green grass or green wheat. You have probably heard the old saying green grass broke many a rancher.

You talk about optimism in the grazing cattle market. The steers weighing 500 to 540 pounds brought \$330 to \$350. Even the heifers weighing the same brought \$276 to \$292. And 50 heifers weighing 895 brought \$210 per hundred-weight.

Last week fat cattle in Texas and Kansas brought \$182 per hundredweight. Feeder cattle futures for October were at \$272.50 per hundredweight. Who knows what is too high or too cheap however you can hedge or insure some pretty good prices.

My older sister taught Home Economics for many years. In that class she taught both boys and girls how to sew, but also taught them proper etiquette. Another subject she taught them was sex education. A boy student of hers 40 years ago reminded her of that. I said, "Sandra if you would have listening instead of teaching sex ed you and your husband would have learned a lot about sex."

A friend of mine got a call from the school. They said with the work your son has handed in we feel it necessary to put your son in Special Ed. He said, "I didn't tell the teacher but I had been doing all my son's homework for quite some time."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

A LOOK BACK AT NATIONAL FFA WEEK

February 17-24, 2024

Local FFA Chapters Celebrate 2024 National FFA Week

Agriculture is part of our daily lives—from the food we eat to the clothes we wear. Last week, hundreds of thousands of FFA members across the country shared the story of agriculture as part of National FFA Week.

Today, FFA provides the next generation of leaders who will change the world. As the top school-based youth leadership development organization in the nation, FFA helps young people meet new agricultural challenges by encouraging members to develop their unique talents and explore their interests in a broad range of career pathways. FFA members are future leaders, future food suppliers, future innovators and so much more.

Whether through service projects or community gatherings, National FFA Week is a time for FFA members to raise awareness about the National FFA Organization's role in developing agriculture's future leaders and the importance of agricultural education.

National FFA Week always runs from Saturday to Saturday and encompasses Feb. 22, George Washington's birthday. This year, the week kicked off on Feb. 17 and finished on Saturday, Feb. 24.

The National FFA Board of Directors designated the weeklong tradition, which began in 1948, recognizing Washington's legacy as an agriculturist and farmer. A group of young farmers

founded FFA in 1928, and the organization has been influencing generations that agriculture is more than planting and harvesting — it involves science, business and more.

National FFA Week is a time for FFA members to share agriculture with their fellow students as well as their communities. Chapters also give back to their communities through service projects during FFA Week. For example, during FFA Week, the Cleveland FFA chapter in Minnesota will be hosting a supply drive for the local humane society. In Arkansas, Clarksville High School FFA will be reviving the old community garden. Richland

High School FFA chapter in North Carolina plans to organize a food drive and Wheatland FFA in Montana will be building park benches. These are just a few examples of how FFA members will be living to serve in their communities. During FFA Week, the six national FFA officers connect virtually with chapters across the country — delivering keynotes, greetings, workshops and more!

The National FFA Organization is a school-based national youth leadership development organization of more than 735,000 student members as part of 8,817 local FFA chapters in all 50 states, Puerto Rico and the U.S. Virgin Islands.

Several local FFA Chapters did live interviews with Jimmy Clark on KECO 96.5's "Today in Ag" show which airs at Noon Monday through Friday. See pictures and sponsors on next 3 pages.

A SYMBOL OF PRIDE — THE FFA EMBLEM

Eagle — national pride, freedom

Owl — wisdom

Plow — hard work, labor, tillage

Cross-section of Ear of Corn — unity

Words — FFA is intracurricular

Rising Sun — progress, a new day

THE NEW BD7600 BOX DRILL

Introducing the new BD7600 Series Box Drills – with legendary durability and performance.

- NEW feeder cups meter by speed, adjusting for different application rates by changing the meter wheel rpm
- NEW box design and structure demonstrate industry-leading durability and flexibility
- The disc blade coulters are offset with alternating leading edges to enhance stability and reduce side-shifting
- Optional hydraulic drive reduces moving parts for easy operation

It Felt Like We Were Flying

As I buckled myself into the passenger seat, I wondered what I was getting myself into. We took off down the highway and the engine revved. "Watch this," he said. The revving went up several notches, and the thrust sent my stomach into the back seat. It felt unreal, like we'd lifted off the ground. When we got back and I got out, I could still feel it. This car isn't for everybody, but if you think it's for you, get more information on page 2. Call 225-9111 and ask what it's like to drive it. Or go see it at Fine Line Auto Sales on the west side of Elk City.

THE NO FLY ZONE

- Reduce spread of disease & infestation
- Eliminates man power
- Increase daily rate of gain
- Reduce costly stress of cattle

- No product waste
- Improve overall health on cows and calves
- Saves pressure on fences

CAPITALIZE ON YOUR INVESTMENT BY PROTECTING YOUR HERD FROM EXTERNAL PARASITES ALL YEAR LONG!

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

By Paragon News Director Jared Atha

Weatherford Man Accused of Soliciting Teens – Charged

February 26, 2024 - A Weatherford man was charged in Custer County District Court on Monday after allegedly soliciting nude pictures from teenage boys.

According to the Oklahoma State Bureau of Investigation, 39-year-old Todd Alan Earp was charged with three counts of Engaging in Communication with a Minor for Sexual or Prurient Interest by Use of Technology, two counts of Executing a Scheme with Intent to Obtain Money or Services by Means of False Representation, and three counts of Soliciting and Engaging in Prostitution Within 1,000 Feet of a School – all felonies.

Court documents show that Earp, who works as the assistant director of Parks and Recreation for the City of Weatherford and has also served as a board member for the Miss SWOSU Pageant and assistant director of OK Kids, allegedly began talking to two 15-year-old boys he met when he was a driver's education instructor and from October 1 to November 30 had requested the boys send nude photos to him in exchange for money.

Earp's bond was set at \$150,000. His next court date is scheduled for March 29.

Gov. Stitt Appoints Jacobsma as DA for 3rd District

It was announced on Friday that Oklahoma Governor Kevin Stitt has appointed Dan Jacobsma as the district attorney for the 3rd Prosecutorial District.

Counties in the district include Greer, Kiowa, Harmon, Jackson and Tillman.

Jacobsma has served as the first assistant district attorney for the 3rd Prosecutorial District since 2019, prosecuting major crimes across all five represented counties and supervising other assistant district attorneys. Between 1997 and 2024, Jacobsma was a staff attorney for the Oklahoma Indigent Defense System, where he represented underserved criminal defendants at all levels. Jacobsma has over 19 years of combined service as an assistant district attorney across Custer, Beckham, Harmon, and Greer Counties.

Jacobsma graduated from Cameron University in 1993 with a Bachelor of Science in Psychology. He later earned his law degree from the University of Oklahoma in 1997.

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Auction

Thursday, March 14, 2024 @ 10:00 a.m.

160 Acres with Home & Barns
Southeast of Weatherford or Southwest of Hydro

The farm is located from Weatherford, OK at Airport Road, Exit #84, 1 mile East on the North Service Road to Payne's Lake Road (CR # 2440), then 4 miles South to CR #1060. Or from Hydro, 3 1/2 miles West on North Service Road to Payne's Lake Road, then 4 miles South to CR #1060. (10628 N. 2440 Rd.)

LEGAL DESCRIPTION: The NW 1/4 of Section 36, Township 12 N., Range 14, W.I.M., Custer County, Oklahoma. Containing 154.03 acres more or less. Surface rights only.

Tract #1: The home & barns on approx. 2.7 acres. The home is an older farm home having approx. 1,032 sq. ft. with vinyl siding and central heat and air. Also on the acreage is a garage, several older barns, windmill and water well with electric pump.

Tract #2: The balance of the farm being approx. 150 acres. This is a very highly productive farm, having 132.41 acre of Cropland with the balance being grass. The farm has very good barbed wire fences and a 60 ft. x 48 ft. Morton Barn, electricity & water well.

Tracts 1 & 2 will be offered separate then together - selling whichever way they bring the most money.

TERMS: 10% of the purchase price due day of sale to be placed in escrow, balance due at closing. Possession of the home will be given at closing. Possession of the farm ground will be given after the 2024 Wheat Harvest. Selling surface rights only.

Seller: Kaye Hampton Burfison
