Asher Oilfield Specialty is Hiring a Controller

We are expanding our operations and need a detail-oriented Controller to join our finance team. The Controller will aid in supporting the organization's day-to-day financial operations and ensuring compliance with accounting standards. The ideal candidate will be adept at cash management, financial reporting, accounting in the oil and gas industry, and be comfortable working in a fast-paced, growing environment. This is an excellent opportunity to be part of a new venture within an established organization.

Responsibilities

- Assist in overseeing financial operations.
- Prepare and manage financial statements, including profit and loss reports, balance sheets, and cash flow statements.
- Assist in balance sheet reconciliations and accuracy in financial reporting.
- Support budgeting, forecasting, and financial analyses to aid decision-making.
- Assist with internal and external audits by providing necessary documentation and reports.
- Manage accounts payable and accounts receivable to ensure timely payments and collections.
- Assist with payroll processing.
- Assist in implementing and maintaining internal controls to prevent fraud and financial mismanagement.
- Assist in the preparation of tax filings and regulatory documents.
- Support policy and regulatory compliance in all areas of the business.
- Work closely with CFO.

Qualifications

- Experience as a Controller or similar role within a corporate finance environment.
- Knowledge of accounting principles and practices.
- Proficiency in accounting software QuickBooks is required; experience with other platforms is a plus.
- Understanding of cash management processes and financial management strategies.
- Experience with balance sheet reconciliation and financial reporting standards.
- Strong analytical skills with attention to detail and accuracy.
- Ability to communicate effectively with all levels of the organization.

* If you are an experienced accounting professional, and reside within commuting distance to Oklahoma City, we encourage you to apply.

This employee can work either in our North OKC Office, Elk City Office, Lindsay Ok office.

Send Resume/Information to:

Asher Oilfield, Attn: Amber Lehman PO Box 720944 Oklahoma City, Ok 73172 Or e-mail: Alehman@asheroilfield.com

Consumers continue to want their beef

© Kylene Scott

A month or two ago, some were saying, "I think we will sell fat cattle for \$2 per pound."

At the time that seemed like a far-fetched thought, with several cattlemen saying, "Do you think the public will buy beef that high?" The interesting concept for the past year is we have been climbing in price with little talk about resistance. We not only hit the \$2 per pound mark, but Nebraska showed some selling at \$212 per hundredweight. A feedlot in the Oklahoma panhandle sold some cattle on the grid that netted \$215 and \$216 per hundredweight.

These are all-time highs, and a lot of these prices on calves and feeders in the fall that to me seemed stupid I guess were not stupid at all. But do not ever get to thinking you will never see another bad day. That thinking will break many cattlemen somewhere down the line.

It appears the cattle market should stay good for at least two years, but who knows. I hear about more breeding heifers this year, but that, too, will take away those going into the feedlot.

Often on many products what seems high or cheap is what you get used to. I know when gas went to \$5 a gallon it was terrible. Then it settled back to \$3 a gallon, and we thought "good cheap gas." Prior to that, \$3 a gallon seemed high.

One thing I want to keep in mind is the possibility of tariffs on other countries. I personally think that President Trump has been handed a mess and that China has out traded the United States for a lot

of years. To get things back where they need to be, there may be areas that will hurt us for a while.

Also, on immigration front, we have to get all criminals out of the U.S. that came through the border, but I would like to see those who have worked here steadily for five years to be granted a work visa to stay.

You know you are a cattleman when you have more conversations with cows than with people.

Marriage is when a man and woman become one. The trouble starts when they try to decide which one.

A friend of mine said I never knew what happiness was until I got married, and then it was too late.

Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Texas Man Facing Felony Firearms Charges in Custer County

February 3, 2025 Weatherford, OK – A Texas man is facing multiple felony and misdemeanor charges in Custer County after a routine traffic stop led to the discovery of firearms in his vehicle.

Dunyale Latroy Rainer, 43, of Amarillo, Texas, was stopped by police in the early morning hours of January 27, 2025, while driving a white Chevy Suburban with an Indiana license plate in Weatherford. The stop was initiated due to a license plate light violation, but officers soon discovered that Rainer’s driver’s license was suspended.

According to the police affidavit, officers detected the odor of marijuana and placed Rainer under arrest. A subsequent search of the vehicle uncovered two firearms on the passenger side floorboard—a pink Charter Arms .38-caliber revolver loaded with .38 special bullets and a black .22-caliber semi-automatic Walther pistol. One of the firearms had been reported stolen out of Marion County, Indiana.

Rainer, a convicted felon, admitted to officers that the weapons belonged to him and stated he had obtained them from a friend in Indiana. When informed that one of the guns had been reported stolen, Rainer allegedly replied, “Yeah, I’ve been having it for years.”Rainer faces the following charges: Two felony counts of possession of a firearm after a former felony convictio One misdemeanor count of knowingly receiving or concealing stolen property, One misdemeanor count of driving with a suspended license

If convicted, Rainer could face up to 10 years in prison for each felony firearm charge. His next court appearance is scheduled for February 19.

Fatal Crash Near Arnett Claims Life of Arkansas Man

January 31, 2025 - Ellis County, OK – A fatal single-vehicle collision occurred early Friday morning, January 31, 2025, at approximately 7:17 a.m. on U.S. Highway 283 and East County Road 62, about one mile east and two miles south of Arnett, Oklahoma.

According to the Oklahoma Highway Patrol, a 2020 Ford F-150, driven by 43-year-old Jason O. Brown of Ozark, Arkansas, was traveling southbound on U.S. 283 when, for reasons still under investigation, the vehicle veered off the roadway to the right. The truck struck a concrete embankment and came to rest on its wheels.

Brown was pronounced dead at the scene due to injuries sustained in the crash. He was transported to Shaw Funeral Home in Vici, Oklahoma.

Authorities confirmed that Brown was not wearing a seatbelt at the time of the crash. The Arnett Fire Department responded to the scene and extricated him from the vehicle.

Weather and road conditions were reported as clear and dry at the time of the accident. The cause of the collision remains under investigation.

The crash was investigated by Trooper Travis Burgess #233 of the Beaver County detachment of Oklahoma Highway Patrol’s Troop I. Emergency crews from the Arnett Fire Department and other local agencies assisted at the scene.

Elk City Man Wanted for Alleged Financial Exploitation of Elderly

January 31, 2025 - Elk City, OK — Authorities have issued an arrest warrant for 38-year-old Robert Wade Leyva, accused of financially exploiting his elderly mother. The charges stem from an extensive investigation by the Elk City Police Department and Adult Protective Services (APS).

According to official reports, Leyva allegedly misused funds and assets belonging to his 78-year-old mother, who suffers from Type 2 diabetes, high blood pressure, and memory loss. Investigators found that Leyva had gained unauthorized access to his mother’s financial resources, withdrawing thousands of dollars from her accounts without permission.

The affidavit states that Leyva, who was living in his mother’s home, manipulated her into giving him money and making financial transactions on his behalf. Reports from APS reveal that the mother had expressed concerns about her son’s behavior, claiming she felt pressured into signing over money and was often left without sufficient funds for her own needs.

Investigation Uncovers Financial Exploitation

Police and APS investigators began looking into the case after receiving multiple complaints. Interviews with family members and financial records reportedly confirmed that Leyva withdrew large sums of money from his mother’s bank account and used it for personal expenses, including retail purchases and bill payments.

A critical piece of evidence included bank statements showing unauthorized ATM withdrawals and witness testimonies from store employees who recalled Leyva frequently accessing his mother’s accounts.

Additionally, it was discovered that Leyva attempted to prevent further investigation by convincing his mother not to pursue legal action. However, APS officials determined that the mother was being financially manipulated and lacked full understanding of her rights.

Arrest Warrant Issued

Based on the findings, an arrest warrant was issued for Robert Wade Leyva on charges of financial exploitation of a vulnerable adult under Oklahoma’s Consumer Crimes Act. His bond has been set at \$10,000, and authorities are actively seeking his arrest.

Law enforcement officials urge anyone with further information about the case to come forward as the investigation continues.

Court proceedings are pending Leyva’s arrest.

Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
