Cattle futures continue to paint bright market

By Jerry Nine – Woodward, Okla

Let the good times roll. Cattle futures on Friday advanced big in both feeder and fat cattle.

I asked around what made the market suddenly rally that much. The best answer I got was we traded some fat cattle \$5 to \$6 per hundredweight higher than in the previous weeks. So I can see on a 1,600-pound steer that is an additional \$80 to \$96 per head.

I am thankful for that half of an inch of rain we received a week ago, but that is not going to last very long. My negative weather forecasters, or should I say old cowboys at breakfast, are already early in the week telling me on Friday it is going to be very windy. Who needs to watch the Weather Channel when we have these old cowboys that probably do just as good at forecasting weather and love spreading bad news.

I learned a little on insuring your cattle over the weekend. Information has to be turned in within 24 hours of when the market closed on Friday. I figured that was going to bite me in the rear but instead it went up a little more. A friend use to tell me the good Lord takes care of widows and fools. Thank goodness for that. And no I'm not a widow.

My preacher's son-in-law is getting his first experience with a prolapse heifer. Then he had to bottle feed the calf. Now the calf has scours. What could happen next? I'll tell you what can. I had a heifer break her leg in a hay feeder and her friend in there wasn't smart enough to get out. Oh well two down. If cattle were cheaper, I wouldn't have lost that much.

A bus load of wives all got together for a weekend and rode a bus to Fort Worth. But sadly, all the women were killed in a wreck. Every husband cried for a week, but one husband was still crying after four weeks, I asked that husband why he was still hysterically crying. He said, "My wife missed the bus."

I went to church this past Sunday, and the preacher asked if anyone had a praise report. A friend of mine's wife got up and said her husband had a crushed scrotum from a bicycle wreck this past week. You could hear several men moan in the congregation. But she said, "Lucky for Ralph, my husband, the doctor actually was able to wire his scrotum up." She said, "Me and the kids were all praying as the doctor performed this delicate surgery."

After she walked back to her seat the preacher asked if anyone else had something to say. A man headed to the front of the church and said, "My name is Ralph and that was sternum not scrotum."

Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
 Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801

Telephone 580-256-4301

“In Case You Missed It Last Week”

By Paragon
News Director
Jared Atha

Early Voting Begins March 27

March 18, 2025 - Sayre, OK – Early voting begins Thursday, March 27th for voters in Beckham County. Voters who will not be able to make it to the polls on Election Day, have the option of voting early at their County Election Board.

Beckham County Election Board Secretary Sherron Manning, said early voting is open to all voters. “You do not need to provide an excuse to vote early. Oklahoma allows early voting for all elections conducted by the County Election Board or State Election Board—from school board and municipal elections to state and federal elections. This is a great option for those who will be out of town on Election Day or who want to avoid long lines,” Manning said.

Early voting is available Thursday, March 27th and Friday, March 28th from 8:00 a.m. to 6:00 p.m. at the Beckham County Activity Center located at 310 E. Main St, Sayre. Manningreminds voters that early voting is not available at polling locations.

Some voters may need assistance to vote because they are blind or visually disabled, physically disabled or infirmed, or illiterate. Such individuals may request to have an assistant or vote privately and independently using the ATI device attached to the voting device. Those who require assistance should talk to their precinct official or contact the County Election Board directly for instructions.

For questions, please contact the Election Board at 580-928-3314 or beckhamcounty@elections.ok.gov.

First Regional Transportation Planning Organization Designated in Oklahoma

March 19, 2025 - The Oklahoma Department of Transportation has designated the South Western Oklahoma Development Authority (SWODA) Board of Trustees as the first regional transportation planning organization in Oklahoma. This designation is a significant milestone in regional transportation planning and recognizes the Southwest Oklahoma Regional Transportation Planning Organization’s (SORTPO) long-standing dedication to enhancing mobility and infrastructure across 16 counties in Southwest Oklahoma. The designation also highlights ODOT’s commitment to facilitating regional transportation planning and public engagement in non-metropolitan areas.

Under the designation, SORTPO will oversee regional transportation planning for Beckham, Caddo, Comanche, Cotton, Custer, Grady, Greer, Harmon, Jackson, Jefferson, Kiowa, McClain, Roger Mills, Stephens, Tillman and Washita counties.

The designation also allows SORTPO to:

- Identify and prioritize critical transportation improvements
- Develop and maintain a long-range regional transportation plan and a short term regional transportation improvement plan
- Increase public engagement and input on transportation projects

“On behalf of our friends and neighbors from across southwest Oklahoma, SORTPO policymakers are hard at work planning for our future transportation system so that we can all enjoy the benefits of a smooth and well-functioning network of highways and railroads across our region,” said SORTPO Transportation Policy Board Chair Ed Barry.

The Southwest Oklahoma Regional Transportation Organization Policy Board, consisting of local elected officials, public agency officials, tribal government leaders, railroad sector representatives, and economic development stakeholders, will serve as the forum for regional transportation decision-making.

“As a Custer County Commissioner, I have witnessed firsthand the value of regional transportation planning led by SWODA and SORTPO,” said District 3 Custer County Commissioner Lyle Miller. “Long-range plans are instrumental in securing grants and funding for essential projects. Being designated as a Regional Transportation Planning Organization will further support these efforts and bring greater transportation opportunities to our communities.”

The policy board will continue to guide regional transportation planning efforts by working closely with cities, counties, tribal governments, transit agencies, economic development organizations and other stakeholders to ensure that Southwest Oklahoma’s transportation system is safe, efficient and responsive to community needs.

“With SORTPO overseeing Southwest Oklahoma planning efforts, they can develop more concise and public-driven plans across the region,” said ODOT’s Multi-Modal & Planning Division Engineer Jared Schwennesen. “We are excited to see what the future of regional transportation will become under the guidance of SORTPO.”

For more information about SORTPO and its ongoing initiatives, visit www.sortpo.org.
