## Rain needed for large area

By: Jerry Nine –Woodward, Okla.

Our area is going to need rain soon. The wheat got a pretty good start with a half of an inch of moisture, but that isn't going to last long. Every day I keep looking at my phone to check the forecast, but I have to remind myself that the weatherman isn't in control.

In fact the weatherman's predictions and my predictions on the cattle market have about the same percentage of being right. Please pray for rain and not just for our own area, but for all who need it. God may be saying I was ready to send you moisture, but I wanted you to ask first.

The Cattle on Feed report showed on-feed at 98%, with placements at 82% and marketings at 91%. All those figures do reflect one more day in February last year. That placement figure looks very good for the possibility of fat cattle in six months, but we are already at levels on fat cattle that most of us thought was not possible. Feeders and calves are also at those same

extreme levels.

With signs of a possible drought over a large area that could change the cost of gains fast thus changing feeder prices and then changing calf prices.

Never get in your head there is no way these cattle can lose. And never get to thinking just because we have gone higher for quite some time that we will continue to do that.

A young couple asked their preacher over for dinner. After the preacher left the wife said, "I think the preacher stole our spoon." So about a month went by and they asked the preacher over for dinner again. The wife said, "Preacher I'm not accusing you, but the last time you were here I couldn't find your spoon." The preacher said, "I put it in your Bible."

A man went to a barber and stuck his head in the door and asked— "How long before I can get a haircut?" The barber replied in about two hours. So, the man left and never came back. A week later the same man came back to the barber and again stuck his head in the door and said, "How long before I can get a haircut?" The barber replied in an hour and a half.

Again, the man left and never came back. So, the barber said to his friend in the barbershop, "That is strange. Follow that man and see where he goes." His friend came back laughing. The barber said, "Where did he go?" His friend said, "To your house."

## Elk City Woman Charged with Attempted Murder After Alleged Fentanyl Overdose

March 31, 2025 – Elk City, OK — An Elk City woman has been formally charged with Attempted Murder in the First Degree following a near-fatal fentanyl overdose incident that occurred on February 24. According to court records, 47-year-old Cori Liane Wallace was arrested after multiple witnesses and police statements linked her to the distribution of fentanyl to a woman who was found unresponsive in a driveway. Emergency personnel administered multiple doses of Narcan to revive the victim, who had reportedly stopped breathing before medics arrived.

According to the affidavit filed in Beckham County District Court, witnesses stated that Wallace, along with another man and woman, was seen dragging the victim from a silver SUV and leaving her in a yard without seeking professional medical help. EMS and police responded quickly and managed to save the woman’s life. The victim later told investigators she had allegedly smoked what she believed to be fentanyl with Wallace in a glass pipe inside the vehicle. She confirmed Wallace offered her the drugs and stated she had never used fentanyl in that form before.

Detectives cited surveillance footage, eyewitness statements, and body cam footage in the affidavit to support the charges. They allege that Wallace distributed the fentanyl to the woman and left her in critical condition without contacting emergency services.

Wallace faces charges under 21 O.S. § 701.7 for Attempted First Degree Murder. Her bond has been set at \$300,000.

The case remains under investigation, and additional charges may be filed.

## Two Killed in Head-On Crash Near Custer City

March 28, 2025 – Custer County, OK — Two people were killed Friday afternoon in a head-on collision just west of Custer City. The crash occurred around 3:56 p.m. at the intersection of Highway 33 and E 920 Road, about two miles west of town. According to the Oklahoma Highway Patrol, a 2019 Chrysler 300 driven by Monica N. Martinez, 42, of Clinton, was traveling southbound when it crossed the center line and struck a northbound 2019 Ram 1500 driven by Jeffery D. Terrell, 51, of Custer City. Both drivers were ejected from their vehicles and pronounced dead at the scene. Troopers say neither driver was wearing a seatbelt. The cause of the crash remains under investigation, along with the condition of both drivers at the time of the accident.

We are deeply grateful to these longtime benefactors and partners who continue to invest in the mission of their alma mater,” said SWOSU President Dr. Diana Lovell. “The Evans Family Endowment will provide invaluable ongoing financial support to the activities and functions of student government here on the Hilltop.”
