Put the Dang Phones Down

by: Jerry Nine – Woodward, Okla.

“tumble in prices.” However, the future looks good. I would suggest to all of you to have your taxes figured and at least an estimate by December so that you might have time to buy cattle, equipment, feed, or whatever so that you don’t have to borrow a huge amount to pay the IRS.

The preacher on Sunday reminded us that the only reason we have anything is because God allowed us to have that opportunity. I imagine God sometimes hears his older years when he hears a 6-year-old kid say, “I bought this pickup,” and Dad says, “Yeah, I paid for it.” Think it’s useful to remember to be thankful, even though there are a lot of problems in life. We are so blessed to live here. Remind your kids often.

One day when my son claimed he was too sick to go to school, I let him stay home. He claimed he had been sick all night. Then I heard a knock at the door. So I told my son, “Go hide, your teacher is here to see if you are sick.” My son said, “You go hide. I told the teacher that you had died.”

Not long ago I thought I really miss my grandparents. So to make it seem like they were still around I put two expired salad dressings in the refrigerator. Plus I left the milk out all night until it had a smell

Editor’s note: The views expressed here are the author’s own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.

Isn’t it amazing how all of us got so controlled by our phones. Right now mine is down and I can’t even make it to the bathroom without it. I’m sure I have several messages on it saying why haven’t you called me back yet.

If you eat out and you look at the next table, not only is every kid playing on their phone but Mom and Dad are too. I’ve seen people saying a word to each other like “Here’s a suggestion for all of us.” Try a deal at your house, like if you eat at your house, I suggest you make everyone—including yourself—put all smartphones down for a while. They’ll probably sit there with nothing to say to each other because they’re so used to communicating with their thumbs.

But if you do this, you will learn something about your kids you didn’t know. All in all, most in the cattle business have had a great year. And I agree with these calf prices. Some will think that it might not be good at all if we

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Clinton Regional Airport to Add New Hangars Thanks to \$1.9M in Grants

July 20, 2025 • Oklahoma City, OK – The Clinton Regional Airport is set to receive a major upgrade after the Oklahoma Department of Aerospace and Aeronautics (ODAA) approved a \$1.9 million construction project as part of its Fiscal Year 2026 plans. At the July commission meeting, ODAA greenlit the construction of a new 10-unit T-hangar and a 60' x 60' box hangar for the Clinton facility. The expansion aims to improve aircraft storage capacity and support future aviation activity in Western Oklahoma. The funding includes \$1 million in federal grant money, \$769,000 from state grants, and \$96,000 in local sponsor contributions. Construction is expected to begin before the end of the year. Clinton's project is part of ODAA's broader push to make more Oklahoma airports "business-ready," following the approval of the agency's 5-year Airport Construction Program earlier this spring. With demand growing in rural and regional airports across the state, these improvements are seen as key steps to supporting economic development and attracting aviation businesses.

ODAA Executive Director Grayson Ardies noted, "Strengthening our infrastructure while encouraging the next generation of aviation professionals will continue to be our main focus as we work to boost Oklahoma's dominance in the aerospace community." The Clinton Regional Airport project reflects the state's commitment to growing its aviation economy by investing in local facilities and creating more opportunity for aircraft owners, businesses, and communities.

Pedestrian Struck and Killed on I-40 Near Canute Early Saturday Morning

July 19, 2025 • Washita County, OK – A Foss man is dead after being struck by a vehicle on I-40 early Saturday morning. The Oklahoma Highway Patrol says the fatal collision happened at approximately 2:10 a.m. on July 19 near mile marker 45 eastbound, about two miles west of Canute in Washita County.

According to troopers, a 911 call was made reporting a person lying in the roadway. When authorities arrived, they discovered 34-year-old Jacob A. Ledesma had been hit by a vehicle. He was pronounced dead at the scene by Elk City EMS. Details about the vehicle involved and its driver remain under investigation. The cause of the crash is currently listed as a pedestrian in the roadway.

Dr. Kalie Kerth Named Director of SWOSU College of Pharmacy Rural Health Center

July 7, 2025 • SWOSU Press Release • Weatherford, OK – Dr. Kalie Kerth has been named director of the Southwestern Oklahoma State University (SWOSU) College of Pharmacy Rural Health Center. A SWOSU alumna and longtime member of the College of Pharmacy faculty, Kerth brings years of experience in clinical pharmacy, rural healthcare, and community-based programming across western Oklahoma. Her appointment became effective July 1, 2025. Kerth earned her Doctor of Pharmacy degree from SWOSU in 2011, graduating summa cum laude. After working in retail pharmacy throughout rural parts of the state, she returned to SWOSU in 2014 to help establish and lead the Remote Medication Order Processing (RMOP) Pharmacy. The program provides medication order review for critical access hospitals and helps fill pharmacy care gaps in small communities. Through a partnership with the OSU Center for Rural Health, the RMOP Pharmacy has also become a training space for student pharmacists preparing to serve in rural areas.

In addition to her clinical work, Kerth has helped lead numerous grant-funded efforts tied to health education, family support, and workforce development. She co-authored the USDA School-Based Telehealth grant, which expanded medical access for thousands of students in rural school districts, and serves as co-principal investigator for SWOSU Work Ready Weatherford, a multi-million dollar program focused on job preparedness and long-term economic stability in western Oklahoma. Other recent grant work has supported maternal and child health services, food insecurity programs, and early childhood resources for families in need. The Rural Health Center is part of SWOSU's continued effort to expand access to healthcare across the state through pharmacy education and collaborative partnerships. The center works closely with rural hospitals and clinics to serve medically underserved populations while also providing hands-on training to student pharmacists in areas like diabetes education, medication therapy management, and transitional care.

Kerth grew up in Forgan and has remained involved in a wide range of community initiatives throughout her career. She is the founder and executive director of Harley's House Crisis Nursery Association, a nonprofit that offers diapers, formula, childcare supplies, and other essentials to families at no cost. She currently serves as Vice-Chair of the Oklahoma Commission on Children and Youth, where she was first appointed by the Governor in 2019. She also sits on the Custer Country Board of Health and participates in several local and regional efforts related to child welfare, family support, and opioid prevention.

For more information about the SWOSU College of Pharmacy Rural Health Center, visit <https://www.swosu.edu/pharmacy/rhc/>.

Take The Custard Quiz

What is Custard?

- The General who died at Little Bighorn
- Mustard's less tangy cousin
- The County that Clinton & Weatherford are in
- The frozen dessert that's smoother, richer, & Creamier than Ice Cream

To View The Home!

About The Property: This is a nice 3 bedroom,
1 3/4 bath brick home that has 1,939 sq ft of living
area that was built in 1974. The home contains a
nice kitchen, dining room, 2 living areas and
laundry room with tile and carpet throughout. The
kitchen contains a built in oven, dishwasher and
cook top. The home has CH&A, ceiling fans in the
bedrooms and living rooms and a fireplace with gas
logs. Other nice features of the home include a 2

car garage with electric opener and rear access, concrete basement and a fenced backyard. The home appears to be
very well constructed but is in need of some updating and minor repairs. Anyone looking for a beautiful home in one
of Cordell's nicest neighborhoods will want to give this one a look!
